“(2) ELIGIBLE SCHOOL ATTENDANCE AREAS.—For the purposes of this part—

“(A) the term ‘school attendance area’ means, in relation to a particular school, the geographical area in which the children who are normally served by that school reside; and

“(B) the term ‘eligible school attendance area’ means a school attendance area in which the percentage of children from low-income families is at least as high as the percentage of children from low-income families served by the local educational agency as a whole.

“(3) RANKING ORDER.—If funds allocated in accordance with subsection (c) are insufficient to serve all eligible school attendance areas, a local educational agency shall—

“(A) the number of economically disadvantaged children enrolled in the school is at least 25 percent of the school’s total enrollment; and

“(B) at the local educational agency’s discretion, use any academic assessments or any other academic indicators described in the local educational agency’s plan under section 1112(b)(1)(A) and (B) to review annually the progress of each school served under this part to determine whether the school is making adequate yearly progress as defined in section 1111(b)(2), except that the local educational agency may not use such indicators (other than as provided for in section 1111(b)(2)(I)) if the indicators reduce the number or change the schools that would otherwise be subject to school improvement, corrective action, or restructuring under section 1116 if such additional indicators were not used, but may identify additional schools for school improvement or in need of corrective action or restructuring;

“(C) publicize and disseminate the results of the local annual review described in paragraph (1) to parents, teachers, principals, schools, and the community so that the teachers, principals, other staff, and schools can continually refine, in an instructionally useful manner, the program of instruction to help all children served under this

“(D) TARGETED ASSISTANCE SCHOOLS.—To determine if an elementary school or a secondary school that is conducting a targeted assistance program under section 1115 should be identified for school improvement, corrective action, or restructuring under this section, a local educational agency may choose to review the progress of only the students in the school who are served, or are eligible for services, under this part.

“(E) PUBLIC SCHOOL CHOICE.—

“(i) IN GENERAL.—In the case of a school identified for school improvement under this paragraph, the local educational agency shall, not later than the first day of the school year following such identification, provide all students enrolled in the school with the option to transfer to another public school served by the local educational agency, which may include a public charter school, that has not been identified for school improvement under this paragraph, unless such an option is prohibited by State law.

to which the students transfer in the same manner as all other children at the public school.

“(2) OPPORTUNITY TO REVIEW AND PRESENT EVIDENCE; TIME LIMIT.—

“(A) IDENTIFICATION.—Before identifying an elementary school or a secondary school for school improvement under paragraphs (1) or (5)(A), for corrective action under paragraph (7), or for restructuring under paragraph (8), the local educational agency shall provide the school with an opportunity to review the school-level data, including academic assessment data, on which the proposed identification is based.

“(B) EVIDENCE.—If the principal of a school proposed for identification under paragraph (1), (5)(A), (7), or (8) believes, or a majority of the parents of the students enrolled in such school believe, that the proposed identification is in error for statistical or other substantive reasons, the principal may provide supporting evidence to the local educational agency, which shall consider that evidence before making a final determination.

Deadline.
Public
information.

“(C) FINAL DETERMINATION.—Not later than 30 days after a local educational agency provides the school with the opportunity to review such school-level data, the local educational agency shall make public a final determination on the status of the school with respect to the identification.

“(3) SCHOOL PLAN.—

Deadline.

“(A) REVISED PLAN.—After the resolution of a review under paragraph (2), each school identified under paragraph (1) for school improvement shall, not later than 3 months after being so identified, develop or revise a school plan, in consultation with parents, school staff, the local educational agency serving the school, and outside experts, for approval by such local educational agency. The school plan shall cover a 2-year period and—

“(iii) provide an assurance that the school will spend not less than 10 percent of the funds made available to the school under section 1113 for each fiscal year that the school is in school improvement status, for the purpose of providing to the school’s teachers and principal high-quality professional development that—

“(I) directly addresses the academic achievement problem that caused the school to be identified for school improvement;

“(II) meets the requirements for professional development activities under section 1119; and

“(III) is provided in a manner that affords increased opportunity for participating in that professional development;

“(a) GENERAL REQUIREMENT.—

“(1) IN GENERAL.—To the extent consistent with the number of eligible children identified under section 1115(b) in the school district served by a local educational agency who are enrolled in private elementary schools and secondary schools, a local educational agency shall, after timely and meaningful consultation with appropriate private school officials, provide such children, on an equitable basis, special educational services or other benefits under this part (such as dual enrollment, educational radio and television, computer equipment and materials, other technology, and mobile educational services and equipment) that address their needs, and shall ensure that teachers and families of the children participate, on an equitable basis, in services and activities developed pursuant to sections 1118 and 1119.

“(2) SECULAR, NEUTRAL, NONIDEOLOGICAL.—Such educational services or other benefits, including materials and equipment, shall be secular, neutral, and nonideological.

“(3) EQUITY.—Educational services and other benefits for such private school children shall be equitable in comparison to services and other benefits for public school children participating under this part, and shall be provided in a timely manner.

“(4) EXPENDITURES.—Expenditures for educational services and other benefits to eligible private school children shall be equal to the proportion of funds allocated to participating school attendance areas based on the number of children from low-income families who attend private schools, which the local educational agency may determine each year or every 2 years.

“(5) PROVISION OF SERVICES.—The local educational agency may provide services under this section directly or through contracts with public and private agencies, organizations, and institutions.

“(b) CONSULTATION.—

“(1) IN GENERAL.—To ensure timely and meaningful consultation, a local educational agency shall consult with appropriate private school officials during the design and development of such agency’s programs under this part, on issues such as—

“(A) how the children’s needs will be identified;

“(B) what services will be offered;

“(C) how, where, and by whom the services will be provided;

“(D) how the services will be academically assessed and how the results of that assessment will be used to improve those services;

“(E) the size and scope of the equitable services to be provided to the eligible private school children, and the proportion of funds that is allocated under subsection (a)(4) for such services;

“(F) the method or sources of data that are used under subsection (c) and section 1113(c)(1) to determine the number of children from low-income families in participating school attendance areas who attend private schools;

“(G) how and when the agency will make decisions about the delivery of services to such children, including a thorough consideration and analysis of the views of the private school officials on the provision of services through a contract with potential third-party providers; and

“(H) how, if the agency disagrees with the views of the private school officials on the provision of services through a contract, the local educational agency will provide in writing to such private school officials an analysis of the reasons why the local educational agency has chosen not to use a contractor.

“(2) TIMING.—Such consultation shall include meetings of agency and private school officials and shall occur before the local educational agency makes any decision that affects the opportunities of eligible private school children to participate in programs under this part. Such meetings shall continue throughout implementation and assessment of services provided under this section.

“(3) DISCUSSION.—Such consultation shall include a discussion of service delivery mechanisms a local educational agency can use to provide equitable services to eligible private school children.

“(4) DOCUMENTATION.—Each local educational agency shall maintain in the agency’s records and provide to the State educational agency involved a written affirmation signed by officials of each participating private school that the consultation required by this section has occurred. If such officials do not provide such affirmation within a reasonable period of time, the local educational agency shall forward the documentation that such consultation has taken place to the State educational agency.

“(5) COMPLIANCE.—

“(A) IN GENERAL.—A private school official shall have the right to complain to the State educational agency that the local educational agency did not engage in consultation that was meaningful and timely, or did not give due consideration to the views of the private school official.

“(B) PROCEDURE.—If the private school official wishes to complain, the official shall provide the basis of the noncompliance with this section by the local educational agency to the State educational agency, and the local educational agency shall forward the appropriate documentation to the State educational agency.

“(c) ALLOCATION FOR EQUITABLE SERVICE TO PRIVATE SCHOOL STUDENTS.—

“(1) CALCULATION.—A local educational agency shall have the final authority, consistent with this section, to calculate the number of children, ages 5 through 17, who are from low-income families and attend private schools by—

“(A) using the same measure of low income used to count public school children;

“(B) using the results of a survey that, to the extent possible, protects the identity of families of private school students, and allowing such survey results to be extrapolated if complete actual data are unavailable;

“(C) applying the low-income percentage of each participating public school attendance area, determined pursuant to this section, to the number of private school children who reside in that school attendance area; or

“(D) using an equated measure of low income correlated with the measure of low income used to count public school children.

“(2) COMPLAINT PROCESS.—Any dispute regarding low-income data for private school students shall be subject to the complaint process authorized in section 9505.

“(d) PUBLIC CONTROL OF FUNDS.—

“(1) IN GENERAL.—The control of funds provided under this part, and title to materials, equipment, and property purchased with such funds, shall be in a public agency, and a public agency shall administer such funds, materials, equipment, and property.

“(2) PROVISION OF SERVICES.—

“(A) PROVIDER.—The provision of services under this section shall be provided—

“(i) by employees of a public agency; or

“(ii) through contract by such public agency with an individual, association, agency, or organization.

“(B) REQUIREMENT.—In the provision of such services, such employee, individual, association, agency, or organization shall be independent of such private school and of any religious organization, and such employment or contract shall be under the control and supervision of such public agency.

“(e) STANDARDS FOR A BYPASS.—If a local educational agency is prohibited by law from providing for the participation in programs on an equitable basis of eligible children enrolled in private elementary schools and secondary schools, or if the Secretary determines that a local educational agency has substantially failed or is unwilling, to provide for such participation, as required by this section, the Secretary shall—

“(1) waive the requirements of this section for such local educational agency;

“(2) arrange for the provision of services to such children through arrangements that shall be subject to the requirements of this section and sections 9503 and 9504; and

“(3) in making the determination under this subsection, consider one or more factors, including the quality, size, scope, and location of the program and the opportunity of eligible children to participate.

“(b) FEDERAL FUNDS TO SUPPLEMENT, NOT SUPPLANT, NON-FEDERAL FUNDS.—

“(1) IN GENERAL.—A State educational agency or local educational agency shall use Federal funds received under this part only to supplement the funds that would, in the absence of such Federal funds, be made available from non-Federal sources for the education of pupils participating in programs assisted under this part, and not to supplant such funds.

“(i) a local educational agency-wide salary schedule;

“(ii) a policy to ensure equivalence among schools in teachers, administrators, and other staff; and

“(iii) a policy to ensure equivalence among schools in the provision of curriculum materials and instructional supplies.

“(B) DETERMINATIONS.—For the purpose of this subsection, in the determination of expenditures per pupil from State and local funds, or instructional salaries per pupil from State and local funds, staff salary differentials for years of employment shall not be included in such determinations.

“(B) the excess costs of providing services to children with disabilities as determined by the local educational agency.

“(d) EXCLUSION OF FUNDS.—For the purpose of complying with subsections (b) and (c), a State educational agency or local educational agency may exclude supplemental State or local funds expended in any school attendance area or school for programs that meet the intent and purposes of this part.

“(A) Indian children on reservations served by elementary schools and secondary schools for Indian children operated or supported by the Department of the Interior; and

“(B) out-of-State Indian children in elementary schools and secondary schools in local educational agencies under special contracts with the Department of the Interior.

“(2) PAYMENTS.—From the amount allotted for payments to the Secretary of the Interior under subsection (a)(2), the Secretary of the Interior shall make payments to local educational agencies, on such terms as the Secretary determines will best carry out the purposes of this part, with respect to out-of-State Indian children described in paragraph (1). The

amount of such payment may not exceed, for each such child, the greater of—

“(A) 40 percent of the average per-pupil expenditure in the State in which the agency is located; or

“SEC. 1122. ALLOCATIONS TO STATES.

20 USC 6332.

“(a) **ALLOCATION FORMULA.**—Of the amount appropriated under section 1002(a) to carry out this part for each of fiscal years 2002–2007 (referred to in this subsection as the current fiscal year)—

“(1) an amount equal to the amount made available to carry out section 1124 for fiscal year 2001 shall be allocated in accordance with section 1124;

“(2) an amount equal to the amount made available to carry out section 1124A for fiscal year 2001 shall be allocated in accordance with section 1124A; and

“(b) **ADJUSTMENTS WHERE NECESSITATED BY APPROPRIATIONS.**—

“(1) **IN GENERAL.**—If the sums available under this subpart for any fiscal year are insufficient to pay the full amounts that all local educational agencies in States are eligible to receive under sections 1124, 1124A, and 1125 for such year, the Secretary shall ratably reduce the allocations to such local educational agencies, subject to subsections (c) and (d) of this section.

“(2) **ADDITIONAL FUNDS.**—If additional funds become available for making payments under sections 1124, 1124A, and 1125 for such fiscal year, allocations that were reduced under paragraph (1) shall be increased on the same basis as they were reduced.

“(c) **HOLD-HARMLESS AMOUNTS.**—

“(2) **PAYMENTS.**—If sufficient funds are appropriated, the amounts described in paragraph (1) shall be paid to all local educational agencies that received grants under section 1124A for the preceding fiscal year, regardless of whether the local

educational agency meets the minimum eligibility criteria for that fiscal year described in section 1124A(a)(1)(A) except that a local educational agency that does not meet such minimum eligibility criteria for 4 consecutive years shall no longer be eligible to receive a hold harmless amount referred to in paragraph (1).

“(3) APPLICABILITY.—Notwithstanding any other provision of law, the Secretary shall not take into consideration the hold-harmless provisions of this subsection for any fiscal year for purposes of calculating State or local allocations for the fiscal year under any program administered by the Secretary other than a program authorized under this part.

Applicability.

“(4) POPULATION DATA.—For any fiscal year for which the Secretary calculates grants on the basis of population data for counties, the Secretary shall apply the hold-harmless percentages in paragraphs (1) and (2) to counties and, if the Secretary’s allocation for a county is not sufficient to meet the hold-harmless requirements of this subsection for every local educational agency within that county, the State educational agency shall reallocate funds proportionately from all other local educational agencies in the State that are receiving funds in excess of the hold-harmless amounts specified in this subsection.

“(d) RATABLY REDUCTIONS.—

“(1) IN GENERAL.—If the sums made available under this subpart for any fiscal year are insufficient to pay the full amounts that local educational agencies in all States are eligible to receive under subsection (c) for such year, the Secretary shall ratably reduce such amounts for such year.

“(2) ADDITIONAL FUNDS.—If additional funds become available for making payments under subsection (c) for such fiscal year, amounts that were reduced under paragraph (1) shall be increased on the same basis as such amounts were reduced.

20 USC 6333.

“SEC. 1124. BASIC GRANTS TO LOCAL EDUCATIONAL AGENCIES.

“(a) AMOUNT OF GRANTS.—

“(1) GRANTS FOR LOCAL EDUCATIONAL AGENCIES AND PUERTO RICO.—Except as provided in paragraph (4) and in section 1126, the grant that a local educational agency is eligible to receive under this section for a fiscal year is the amount determined by multiplying—

“(A) the number of children counted under subsection (c); and

“(B) 40 percent of the average per-pupil expenditure in the State, except that the amount determined under this subparagraph shall not be less than 32 percent, or more than 48 percent, of the average per-pupil expenditure in the United States.

“(2) CALCULATION OF GRANTS.—

“(A) ALLOCATIONS TO LOCAL EDUCATIONAL AGENCIES.—The Secretary shall calculate grants under this section on the basis of the number of children counted under subsection (c) for local educational agencies, unless the

Secretary and the Secretary of Commerce determine that some or all of those data are unreliable or that their use would be otherwise inappropriate, in which case—

“(i) the two Secretaries shall publicly disclose the reasons for their determination in detail; and

“(ii) paragraph (3) shall apply.

“(B) ALLOCATIONS TO LARGE AND SMALL LOCAL EDUCATIONAL AGENCIES.—

“(i) For any fiscal year to which this paragraph applies, the Secretary shall calculate grants under this section for each local educational agency.

“(ii) The amount of a grant under this section for each large local educational agency shall be the amount determined under clause (i).

“(iii) For small local educational agencies, the State educational agency may either—

“(I) distribute grants under this section in amounts determined by the Secretary under clause (i); or

“(II) use an alternative method approved by the Secretary to distribute the portion of the State’s total grants under this section that is based on those small agencies.

“(iv) An alternative method under clause (iii)(II) shall be based on population data that the State educational agency determines best reflect the current distribution of children in poor families among the State’s small local educational agencies that meet the eligibility criteria of subsection (b).

“(v) If a small local educational agency is dissatisfied with the determination of its grant by the State educational agency under clause (iii)(II), it may appeal that determination to the Secretary, who shall respond not later than 45 days after receipt of such appeal.

“(vi) As used in this subparagraph—

“(I) the term ‘large local educational agency’ means a local educational agency serving an area with a total population of 20,000 or more; and

“(II) the term ‘small local educational agency’ means a local educational agency serving an area with a total population of less than 20,000.

“(3) ALLOCATIONS TO COUNTIES.—

“(A) CALCULATION.—For any fiscal year to which this paragraph applies, the Secretary shall calculate grants under this section on the basis of the number of children counted under subsection (c) for counties, and State educational agencies shall suballocate county amounts to local educational agencies, in accordance with regulations issued by the Secretary.

“(B) DIRECT ALLOCATIONS.—In any State in which a large number of local educational agencies overlap county boundaries, or for which the State believes it has data that would better target funds than allocating them by county, the State educational agency may apply to the Secretary for authority to make the allocations under this subpart for a particular fiscal year directly to local educational agencies without regard to counties.

Public
information.
Applicability.

Deadline.

“(C) ALLOCATIONS TO LOCAL EDUCATIONAL AGENCIES.—If the Secretary approves the State educational agency’s application under subparagraph (B), the State educational agency shall provide the Secretary an assurance that such allocations shall be made—

“(i) using precisely the same factors for determining a grant as are used under this subpart; or

“(ii) using data that the State educational agency submits to the Secretary for approval that more accurately target poverty.

“(D) APPEAL.—The State educational agency shall provide the Secretary an assurance that it will establish a procedure through which a local educational agency that is dissatisfied with its determinations under subparagraph (B) may appeal directly to the Secretary for a final determination.

“(4) PUERTO RICO.—

“(A) IN GENERAL.—For each fiscal year, the grant that the Commonwealth of Puerto Rico shall be eligible to receive under this section shall be the amount determined by multiplying the number of children counted under subsection (c) for the Commonwealth of Puerto Rico by the product of—

“(i) subject to subparagraph (B), the percentage that the average per-pupil expenditure in the Commonwealth of Puerto Rico is of the lowest average per-pupil expenditure of any of the 50 States; and

“(ii) 32 percent of the average per-pupil expenditure in the United States.

“(B) MINIMUM PERCENTAGE.—The percentage in subparagraph (A)(i) shall not be less than—

“(i) for fiscal year 2002, 77.5 percent;

“(ii) for fiscal year 2003, 80.0 percent;

“(iii) for fiscal year 2004, 82.5 percent;

“(iv) for fiscal year 2005, 85.0 percent;

“(v) for fiscal year 2006, 92.5 percent; and

“(vi) for fiscal year 2007 and succeeding fiscal years, 100.0 percent.

“(C) LIMITATION.—If the application of subparagraph (B) would result in any of the 50 States or the District of Columbia receiving less under this subpart than it received under this subpart for the preceding fiscal year, the percentage in subparagraph (A) shall be the greater of—

“(i) the percentage in subparagraph (A)(i);

“(ii) the percentage specified in subparagraph (B) for the preceding fiscal year; or

“(iii) the percentage used for the preceding fiscal year.

“(b) MINIMUM NUMBER OF CHILDREN TO QUALIFY.—A local educational agency is eligible for a basic grant under this section for any fiscal year only if the number of children counted under subsection (c) for that agency is both—

“(1) 10 or more; and

“(2) more than 2 percent of the total school-age population in the agency’s jurisdiction.

“(c) CHILDREN TO BE COUNTED.—

“(1) CATEGORIES OF CHILDREN.—The number of children to be counted for purposes of this section is the aggregate of—

“(A) the number of children aged 5 to 17, inclusive, in the school district of the local educational agency from families below the poverty level as determined under paragraph (2);

“(B) the number of children (determined under paragraph (4) for either the preceding year as described in that paragraph, or for the second preceding year, as the Secretary finds appropriate) aged 5 to 17, inclusive, in the school district of such agency in institutions for neglected and delinquent children (other than such institutions operated by the United States), but not counted pursuant to subpart 1 of part D for the purposes of a grant to a State agency, or being supported in foster homes with public funds; and

“(C) the number of children aged 5 to 17, inclusive, in the school district of such agency from families above the poverty level as determined under paragraph (4).

“(2) DETERMINATION OF NUMBER OF CHILDREN.—For the purposes of this section, the Secretary shall determine the number of children aged 5 to 17, inclusive, from families below the poverty level on the basis of the most recent satisfactory data, described in paragraph (3), available from the Department of Commerce. The District of Columbia and the Commonwealth of Puerto Rico shall be treated as individual local educational agencies. If a local educational agency contains two or more counties in their entirety, then each county will be treated as if such county were a separate local educational agency for purposes of calculating grants under this part. The total of grants for such counties shall be allocated to such a local educational agency, which local educational agency shall distribute to schools in each county within such agency a share of the local educational agency’s total grant that is no less than the county’s share of the population counts used to calculate the local educational agency’s grant.

“(3) POPULATION UPDATES.—

“(A) IN GENERAL.—In fiscal year 2002 and each subsequent fiscal year, the Secretary shall use updated data on the number of children, aged 5 to 17, inclusive, from families below the poverty level for counties or local educational agencies, published by the Department of Commerce, unless the Secretary and the Secretary of Commerce determine that the use of the updated population data would be inappropriate or unreliable. If appropriate and reliable data are not available annually, the Secretary shall use data which are updated every 2 years.

“(B) INAPPROPRIATE OR UNRELIABLE DATA.—If the Secretary and the Secretary of Commerce determine that some or all of the data referred to in subparagraph (A) are inappropriate or unreliable, the Secretary and the Secretary of Commerce shall publicly disclose their reasons.

“(C) CRITERIA OF POVERTY.—In determining the families that are below the poverty level, the Secretary shall use the criteria of poverty used by the Bureau of the Census in compiling the most recent decennial census,

as the criteria have been updated by increases in the Consumer Price Index for All Urban Consumers, published by the Bureau of Labor Statistics.

“(4) OTHER CHILDREN TO BE COUNTED.—

“(A) For the purpose of this section, the Secretary shall determine the number of children aged 5 to 17, inclusive, from families above the poverty level on the basis of the number of such children from families receiving an annual income, in excess of the current criteria of poverty, from payments under a State program funded under part A of title IV of the Social Security Act; and in making such determinations, the Secretary shall use the criteria of poverty used by the Bureau of the Census in compiling the most recent decennial census for a family of four in such form as those criteria have been updated by increases in the Consumer Price Index for All Urban Consumers, published by the Bureau of Labor Statistics.

“(B) The Secretary shall determine the number of such children and the number of children aged 5 through 17 living in institutions for neglected or delinquent children, or being supported in foster homes with public funds, on the basis of the caseload data for the month of October of the preceding fiscal year (using, in the case of children described in the preceding sentence, the criteria of poverty and the form of such criteria required by such sentence which were determined for the calendar year preceding such month of October) or, to the extent that such data are not available to the Secretary before January of the calendar year in which the Secretary’s determination is made, then on the basis of the most recent reliable data available to the Secretary at the time of such determination.

Deadline.

“(C) Except for the data on children living in institutions for neglected or delinquent children, the Secretary of Health and Human Services shall collect and transmit the information required by this subparagraph to the Secretary not later than January 1 of each year.

“(D) For the purpose of this section, the Secretary shall consider all children who are in correctional institutions to be living in institutions for delinquent children.

“(5) ESTIMATE.—When requested by the Secretary, the Secretary of Commerce shall make a special updated estimate of the number of children of such ages who are from families below the poverty level (as determined under paragraph (1)(A)) in each school district, and the Secretary is authorized to pay (either in advance or by way of reimbursement) the Secretary of Commerce the cost of making this special estimate. The Secretary of Commerce shall give consideration to any request of the chief executive of a State for the collection of additional census information.

“(d) STATE MINIMUM.—Notwithstanding section 1122, the aggregate amount allotted for all local educational agencies within a State may not be less than the lesser of—

“(1) 0.25 percent of the total amount allocated to States under this section for fiscal year 2001, plus 0.35 percent of the total amount allocated to States under this section in excess of the amount allocated for fiscal year 2001; or

“(2) the average of—

“(A) the amount calculated in paragraph (1), above;
and

“(B) the number of children in such State counted under subsection (c) in the fiscal year multiplied by 150 percent of the national average per-pupil payment made with funds available under this section for that year.

“SEC. 1124A. CONCENTRATION GRANTS TO LOCAL EDUCATIONAL AGENCIES. 20 USC 6334.

“(a) ELIGIBILITY FOR AND AMOUNT OF GRANTS.—

“(1) IN GENERAL.—(A) Except as otherwise provided in this paragraph, each local educational agency which is eligible for a grant under section 1124 for any fiscal year is eligible for an additional grant under this section for that fiscal year if the number of children counted under section 1124(c) in the agency exceeds either—

“(i) 6,500; or

“(ii) 15 percent of the total number of children aged 5 through 17 in the agency.

“(B) Notwithstanding section 1122, no State shall receive less than the lesser of—

“(i) 0.25 percent of the total amount allocated to States under this section for fiscal year 2001, plus 0.35 percent of the total amount allocated to States under this section in excess of the amount allocated for fiscal year 2001; or

“(ii) the average of—

“(I) the amount calculated under clause (i); and

“(II) the greater of—

“(aa) \$340,000; or

“(bb) the number of children in such State counted for purposes of this section in that fiscal year multiplied by 150 percent of the national average per-pupil payment made with funds available under this section for that year.

“(2) DETERMINATION.—For each county or local educational agency eligible to receive an additional grant under this section for any fiscal year, the Secretary shall determine the product of—

“(A) the number of children counted under section 1124(c) for that fiscal year; and

“(B) the amount in section 1124(a)(1)(B) for each State except the Commonwealth of Puerto Rico, and the amount in section 1124(a)(4) for the Commonwealth of Puerto Rico.

“(3) AMOUNT.—The amount of the additional grant for which an eligible local educational agency or county is eligible under this section for any fiscal year shall be an amount which bears the same ratio to the amount available to carry out this section for that fiscal year as the product determined under paragraph (2) for such local educational agency for that fiscal year bears to the sum of such products for all local educational agencies in the United States for that fiscal year.

“(4) LOCAL ALLOCATIONS.—(A) Grant amounts under this section shall be determined in accordance with section 1124(a)(2), (3), and (4).

“(B) For any fiscal year for which the Secretary allocates funds under this section on the basis of counties, a State may reserve not more than 2 percent of its allocation under this section to make grants to local educational agencies that meet the criteria of paragraph (1)(A)(i) or (ii) and are in ineligible counties that do not meet these criteria.

“(b) SMALL STATES.—In any State for which on the date of enactment of the No Child Left Behind Act of 2001 the number of children counted under section 1124(c) is less than 0.25 percent of the number of those children counted for all States, the State educational agency shall allocate funds under this section among the local educational agencies in the State either—

“(1) in accordance with paragraphs (2) and (4) of subsection (a); or

“(2) based on their respective concentrations and numbers of children counted under section 1124(c), except that only those local educational agencies with concentrations or numbers of children counted under section 1124(c) that exceed the statewide average percentage of such children or the statewide average number of such children shall receive any funds on the basis of this paragraph.

20 USC 6335.

“SEC. 1125. TARGETED GRANTS TO LOCAL EDUCATIONAL AGENCIES.

“(a) ELIGIBILITY OF LOCAL EDUCATIONAL AGENCIES.—

“(1) IN GENERAL.—A local educational agency in a State is eligible to receive a targeted grant under this section for any fiscal year if—

“(A) the number of children in the local educational agency counted under section 1124(c), before application of the weighted child count described in subsection (c), is at least 10; and

“(B) if the number of children counted for grants under section 1124(c), before application of the weighted child count described in subsection (c), is at least 5 percent of the total number of children aged 5 to 17 years, inclusive, in the school district of the local educational agency.

“(2) SPECIAL RULE.—For any fiscal year for which the Secretary allocates funds under this section on the basis of counties, funds made available as a result of applying this subsection shall be reallocated by the State educational agency to other eligible local educational agencies in the State in proportion to the distribution of other funds under this section.

“(b) GRANTS FOR LOCAL EDUCATIONAL AGENCIES, THE DISTRICT OF COLUMBIA, AND THE COMMONWEALTH OF PUERTO RICO.—

“(1) IN GENERAL.—The amount of the grant that a local educational agency in a State (other than the Commonwealth of Puerto Rico) is eligible to receive under this section for any fiscal year shall be the product of—

“(A) the weighted child count determined under subsection (c); and

“(B) the amount determined under section 1124(a)(1)(B).

“(2) PUERTO RICO.—For each fiscal year, the amount of the grant the Commonwealth of Puerto Rico is eligible to receive under this section shall be equal to the number of children counted under subsection (c) for the Commonwealth of Puerto

Rico, multiplied by the amount determined in section 1124(a)(4) for the Commonwealth of Puerto Rico.

“(c) WEIGHTED CHILD COUNT.—

“(1) WEIGHTS FOR ALLOCATIONS TO COUNTIES.—

“(A) IN GENERAL.—For each fiscal year for which the Secretary uses county population data to calculate grants, the weighted child count used to determine a county’s allocation under this section is the larger of the two amounts determined under subparagraphs (B) and (C).

“(B) BY PERCENTAGE OF CHILDREN.—The amount referred to in subparagraph (A) is determined by adding—

“(i) the number of children determined under section 1124(c) for that county who constitute not more than 15.00 percent, inclusive, of the county’s total population aged 5 to 17, inclusive, multiplied by 1.0;

“(iv) the number of such children between 23,918 and 93,810, inclusive, in such population, multiplied by 2.5; and

“(v) the number of such children in excess of 93,811 in such population, multiplied by 3.0.

“(D) PUERTO RICO.—Notwithstanding subparagraph (A), the weighting factor for the Commonwealth of Puerto Rico under this paragraph shall not be greater than the total number of children counted under section 1124(c) multiplied by 1.82.

“(2) WEIGHTS FOR ALLOCATIONS TO LOCAL EDUCATIONAL AGENCIES.—

“(A) IN GENERAL.—For each fiscal year for which the Secretary uses local educational agency data, the weighted child count used to determine a local educational agency’s grant under this section is the larger of the two amounts determined under subparagraphs (B) and (C).

“(B) BY PERCENTAGE OF CHILDREN.—The amount referred to in subparagraph (A) is determined by adding—

“(e) STATE MINIMUM.—Notwithstanding any other provision of this section or section 1122, from the total amount available for any fiscal year to carry out this section, each State shall be allotted at least the lesser of—

“(1) 0.35 percent of the total amount available to carry out this section; or

“(2) the average of—

“(A) 0.35 percent of the total amount available to carry out this section; and

“(B) 150 percent of the national average grant under this section per child described in section 1124(c), without application of a weighting factor, multiplied by the State’s total number of children described in section 1124(c), without application of a weighting factor.

“SEC. 1125AA. ADEQUACY OF FUNDING OF TARGETED GRANTS TO LOCAL EDUCATIONAL AGENCIES IN FISCAL YEARS AFTER FISCAL YEAR 2001. 20 USC 6336.

“(a) FINDINGS.—Congress makes the following findings:

“(1) The current Basic Grant Formula for the distribution of funds under this part often does not provide funds for the economically disadvantaged students for which such funds are targeted.

“(2) Any school district in which more than 2 percent of the students live below the poverty level qualifies for funding under the Basic Grant Formula. As a result, 9 out of every 10 school districts in the country receive some form of aid under the Formula.

“(3) Fifty-eight percent of all schools receive at least some funding under this part, including many suburban schools with predominantly well-off students.

“(4) One out of every 5 schools with concentrations of poor students between 50 and 75 percent receive no funding at all under this part.

“(5) In passing the Improving America’s Schools Act in 1994, Congress declared that grants under this part would more sharply target high poverty schools by using the Targeted Grant Formula, but annual appropriation Acts have prevented the use of that Formula.

“(6) The advantage of the Targeted Grant Formula over other funding formulas under this part is that the Targeted Grant Formula provides increased grants per poor child as the percentage of economically disadvantaged children in a school district increases.

“(7) Studies have found that the poverty of a child’s family is much more likely to be associated with educational disadvantage if the family lives in an area with large concentrations of poor families.

“(8) States with large populations of high poverty students would receive significantly more funding if more funds under this part were allocated through the Targeted Grant Formula.

“(9) Congress has an obligation to allocate funds under this part so that such funds will positively affect the largest number of economically disadvantaged students.

“(b) LIMITATION ON ALLOCATION OF TITLE I FUNDS CONTINGENT ON ADEQUATE FUNDING OF TARGETED GRANTS.—Pursuant to section 1122, the total amount allocated in any fiscal year after fiscal year 2001 for programs and activities under this part shall not exceed the amount allocated in fiscal year 2001 for such programs and activities unless the amount available for targeted grants to local educational agencies under section 1125 in the applicable fiscal year meets the requirements of section 1122(a).

“SEC. 1125A. EDUCATION FINANCE INCENTIVE GRANT PROGRAM.

20 USC 6337.

“(a) GRANTS.—From funds appropriated under subsection (f) the Secretary is authorized to make grants to States, from allotments under subsection (b), to carry out the programs and activities of this part.

“(b) DISTRIBUTION BASED UPON FISCAL EFFORT AND EQUITY.—

“(1) IN GENERAL.—

“(A) IN GENERAL.—Except as provided in subparagraph (B), funds appropriated pursuant to subsection (f) shall

be allotted to each State based upon the number of children counted under section 1124(c) in such State multiplied by the product of—

“(i) the amount in section 1124(a)(1)(B) for all States other than the Commonwealth of Puerto Rico, except that the amount determined under that subparagraph shall not be less than 34 percent or more than 46 percent of the average per pupil expenditure in the United States, and the amount in section 1124(a)(4) for the Commonwealth of Puerto Rico, except that the amount in section 1124(a)(4)(A)(ii) shall be 34 percent of the average per pupil expenditure in the United States; multiplied by

“(ii) such State’s effort factor described in paragraph (2); multiplied by

“(iii) 1.30 minus such State’s equity factor described in paragraph (3).

“(B) STATE MINIMUM.—Notwithstanding any other provision of this section or section 1122, from the total amount available for any fiscal year to carry out this section, each State shall be allotted at least the lesser of—

“(i) 0.35 percent of total appropriations; or

“(ii) the average of—

“(I) 0.35 percent of the total amount available to carry out this section; and

“(II) 150 percent of the national average grant under this section per child described in section 1124(c), without application of a weighting factor, multiplied by the State’s total number of children described in section 1124(c), without application of a weighting factor.

“(2) EFFORT FACTOR.—

“(A) IN GENERAL.—Except as provided in subparagraph (B), the effort factor for a State shall be determined in accordance with the succeeding sentence, except that such factor shall not be less than 0.95 nor greater than 1.05. The effort factor determined under this sentence shall be a fraction the numerator of which is the product of the 3-year average per-pupil expenditure in the State multiplied by the 3-year average per capita income in the United States and the denominator of which is the product of the 3-year average per capita income in such State multiplied by the 3-year average per-pupil expenditure in the United States.

“(B) COMMONWEALTH OF PUERTO RICO.—The effort factor for the Commonwealth of Puerto Rico shall be equal to the lowest effort factor calculated under subparagraph (A) for any State.

“(3) EQUITY FACTOR.—

“(A) DETERMINATION.—

“(i) IN GENERAL.—Except as provided in subparagraph (B), the Secretary shall determine the equity factor under this section for each State in accordance with clause (ii).

“(ii) COMPUTATION.—

“(I) IN GENERAL.—For each State, the Secretary shall compute a weighted coefficient of variation for the per-pupil expenditures of local educational agencies in accordance with subclauses (II), (III), and (IV).

“(II) VARIATION.—In computing coefficients of variation, the Secretary shall weigh the variation between per-pupil expenditures in each local educational agency and the average per-pupil expenditures in the State according to the number of pupils served by the local educational agency.

“(III) NUMBER OF PUPILS.—In determining the number of pupils under this paragraph served by each local educational agency and in each State, the Secretary shall multiply the number of children counted under section 1124(c) by a factor of 1.4.

“(IV) ENROLLMENT REQUIREMENT.—In computing coefficients of variation, the Secretary shall include only those local educational agencies with an enrollment of more than 200 students.

“(B) SPECIAL RULE.—The equity factor for a State that meets the disparity standard described in section 222.162 of title 34, Code of Federal Regulations (as such section was in effect on the day preceding the date of enactment of the No Child Left Behind Act of 2001) or a State with only one local educational agency shall be not greater than 0.10.

“(c) USE OF FUNDS; ELIGIBILITY OF LOCAL EDUCATIONAL AGENCIES.—All funds awarded to each State under this section shall be allocated to local educational agencies under the following provisions. Within local educational agencies, funds allocated under this section shall be distributed to schools on a basis consistent with section 1113, and may only be used to carry out activities under this part. A local educational agency in a State is eligible to receive a targeted grant under this section for any fiscal year if—

“(A) the number of children in the local educational agency counted under section 1124(c), before application of the weighted child count described in paragraph (3), is at least 10; and

“(B) if the number of children counted for grants under section 1124(c), before application of the weighted child count described in paragraph (3), is at least 5 percent of the total number of children aged 5 to 17 years, inclusive, in the school district of the local educational agency.

“For any fiscal year for which the Secretary allocates funds under this section on the basis of counties, funds made available as a result of applying this subsection shall be reallocated by the State educational agency to other eligible local educational agencies in the State in proportion to the distribution of other funds under this section.

“(d) ALLOCATION OF FUNDS TO ELIGIBLE LOCAL EDUCATIONAL AGENCIES.—Funds received by States under this section shall be allocated within States to eligible local educational agencies on the basis of weighted child counts calculated in accordance with paragraph (1), (2), or (3), as appropriate for each State.

“(2) REDUCTION OF FUNDS.—The Secretary shall reduce the amount of funds awarded to any State under this section in any fiscal year in the exact proportion to which the State fails to meet the requirements of paragraph (1) by falling below 90 percent of both the fiscal effort per student and aggregate expenditures (using the measure most favorable to the State), and no such lesser amount shall be used for computing the effort required under paragraph (1) for subsequent years.

“(3) WAIVERS.—The Secretary may waive, for 1 fiscal year only, the requirements of this subsection if the Secretary determines that such a waiver would be equitable due to exceptional or uncontrollable circumstances such as a natural disaster or a precipitous and unforeseen decline in the financial resources of the State.

“(f) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this section such sums as may be necessary for fiscal year 2002 and for each of the 5 succeeding fiscal years.

“(g) ADJUSTMENTS WHERE NECESSITATED BY APPROPRIATIONS.—

“(7) provide assurances—

“(A) that to the extent consistent with the number of immigrant children and youth enrolled in the nonpublic elementary schools or secondary schools within the district served by a local educational agency, such agency, after consultation with appropriate officials of such schools, shall provide for the benefit of such children and youth secular, neutral, and nonideological services, materials, and equipment necessary for the education of such children and youth;

“SEC. 5111. ALLOTMENT TO STATES.

20 USC 7211.

“(a) IN GENERAL.—From the sums appropriated to carry out this part for each fiscal year and not reserved under subsection (b), the Secretary shall allot, and make available in accordance with this part, to each State educational agency an amount that bears the same ratio to such sums as the school-age population of the State bears to the school-age population of all States, except that no State shall receive less than an amount equal to one-half of 1 percent of such sums.

“(b) RESERVATION.—From the sums appropriated to carry out this part for each fiscal year, the Secretary shall reserve not more than 1 percent for payments to the outlying areas, to be allotted in accordance with their respective needs for assistance under this part.

“(B) children from economically disadvantaged families; and

“(C) children living in sparsely populated areas.

“(2) ALLOCATION OF INCREASED AMOUNTS.—From the amount made available to a State educational agency under this part for a fiscal year that exceeds the amount made available to the agency under this part for fiscal year 2002, the State educational agency shall distribute 100 percent (or, in the case of a State educational agency receiving a minimum allotment under section 5111(a), not less than 50 percent, notwithstanding subsection (b)) to local educational agencies within the State, on the same basis as the State educational agency distributes amounts under paragraph (1).

“(ii) children from economically disadvantaged families; or

“(iii) children living in sparsely populated areas.

“(B) REVIEW OF CRITERIA.—The Secretary shall review criteria submitted by a State educational agency for adjusting allocations under paragraph (1) and shall approve such criteria only if the Secretary determines that such criteria are reasonably calculated to produce an adjusted allocation that reflects the relative needs of the State’s

local educational agencies based on the factors set forth in subparagraph (A).

“(d) PAYMENT OF ALLOCATIONS.—

“(1) DISTRIBUTION.—From the funds paid to a State educational agency under this subpart for a fiscal year, the State educational agency shall distribute to each eligible local educational agency that has submitted an application as required by section 5133 the amount of such local educational agency’s allocation, as determined under subsection (a).

“(2) ADDITIONAL FUNDS.—

“(A) USE.—Additional funds resulting from higher per-pupil allocations provided to a local educational agency on the basis of adjusted enrollments of children described in subsection (a)(1) may, in the discretion of the local educational agency, be allocated for expenditures to provide services for children enrolled in public schools and private nonprofit schools in direct proportion to the number of children described in subsection (a)(1) and enrolled in such schools within the area served by the local educational agency.

“(B) ALLOCATION.—In any fiscal year, any local educational agency that elects to allocate such additional funds in the manner described in subparagraph (A) shall allocate all additional funds to schools within the area served by the local educational agency in such manner.

“(2) The use of magnet schools has increased dramatically since the inception of the magnet schools assistance program under this Act, with approximately 2,000,000 students nationwide attending such schools, of whom more than 65 percent are non-white.

“(3) Magnet schools offer a wide range of distinctive programs that have served as models for school improvement efforts.

“(4) It is in the best interests of the United States—

“(A) to continue the Federal Government’s support of local educational agencies that are implementing court-ordered desegregation plans and local educational agencies that are voluntarily seeking to foster meaningful interaction among students of different racial and ethnic backgrounds, beginning at the earliest stage of such students’ education;

“(B) to ensure that all students have equitable access to a high quality education that will prepare all students to function well in a technologically oriented and a highly competitive economy comprised of people from many different racial and ethnic backgrounds; and

“(C) to continue to desegregate and diversify schools by supporting magnet schools, recognizing that segregation exists between minority and nonminority students as well as among students of different minority groups.

“(5) Desegregation efforts through magnet school programs are a significant part of our Nation’s effort to achieve voluntary desegregation in schools and help to ensure equal educational opportunities for all students.

“(b) PURPOSE.—The purpose of this part is to assist in the desegregation of schools served by local educational agencies by providing financial assistance to eligible local educational agencies for—

“(1) the elimination, reduction, or prevention of minority group isolation in elementary schools and secondary schools with substantial proportions of minority students, which shall include assisting in the efforts of the United States to achieve voluntary desegregation in public schools;

“(2) the development and implementation of magnet school programs that will assist local educational agencies in achieving systemic reforms and providing all students the opportunity to meet challenging State academic content standards and student academic achievement standards;

“(3) the development and design of innovative educational methods and practices that promote diversity and increase choices in public elementary schools and public secondary schools and public educational programs;

“(4) courses of instruction within magnet schools that will substantially strengthen the knowledge of academic subjects and the attainment of tangible and marketable vocational, technological, and professional skills of students attending such schools;

“(5) improving the capacity of local educational agencies, including through professional development, to continue operating magnet schools at a high performance level after Federal funding for the magnet schools is terminated; and

“(6) ensuring that all students enrolled in the magnet school programs have equitable access to high quality education that will enable the students to succeed academically and continue with postsecondary education or productive employment.

“Subpart 12—Educational, Cultural, Apprenticeship, and Exchange Programs for Alaska Natives, Native Hawaiians, and Their Historical Whaling and Trading Partners in Massachusetts

Alaska Native and Native Hawaiian Education Through Cultural and Historical Organizations Act.
20 USC 7265.

“SEC. 5521. SHORT TITLE.

“This subpart may be cited as the ‘Alaska Native and Native Hawaiian Education Through Cultural and Historical Organizations Act’.

“SEC. 5522. FINDINGS AND PURPOSES.

20 USC 7265a.

“(a) FINDINGS.—Congress finds the following:

“(1) Alaska Natives and Native Hawaiians have been linked for over 200 years to the coastal towns of Salem, Massachusetts, and New Bedford, Massachusetts, through the China trade from Salem and whaling voyages from New Bedford.

“(2) Nineteenth-century trading ships sailed from Salem, Massachusetts, around Cape Horn of South America, and up the Northwest coast of the United States to Alaska, where their crews traded with Alaska Native people for furs, and then went on to Hawaii to trade for sandalwood with Native Hawaiians before going on to China.

“(3) During the 19th century, over 2,000 whaling voyages sailed out of New Bedford, Massachusetts to the Arctic region of Alaska, and joined Alaska Natives from Barrow, Alaska and other areas in the Arctic region in subsistence whaling activities.

“(4) Many New Bedford whaling voyages continued on to Hawaii, where they joined Native Hawaiians from the neighboring islands.

“(5) From those commercial and whaling voyages, a rich cultural exchange and strong trading relationships developed among the three peoples involved.

“(6) In the past decades, awareness of the historical trading, cultural, and whaling links has faded among Alaska Natives, Native Hawaiians, and the people of the continental United States.

“(7) In 2000, the Alaska Native Heritage Center in Alaska, the Bishop Museum in Hawaii, and the Peabody-Essex Museum in Massachusetts initiated the New Trade Winds project to use 21st-century technology, including the Internet, to educate students and their parents about historic and contemporary cultural and trading ties that continue to link the diverse cultures of the peoples involved.

“(8) The New Bedford Whaling Museum, in partnership with the New Bedford Whaling National Historical Park, has developed a cultural exchange and educational program with the Inupiat Heritage Center in Barrow, Alaska to bring together the children, parents, and elders from the Arctic region of

Alaska with children and families of Massachusetts to learn about their historical ties and about each other's contemporary cultures.

"(9) Within the fast-growing cultural sector, meaningful educational and career opportunities based on traditional relationships exist for Alaska Natives, Native Hawaiians, and low-income youth in Massachusetts.

"(10) Cultural institutions can provide practical, culturally relevant, education-related internship and apprentice programs, such as the Museum Action Corps at the Peabody-Essex Museum and similar programs at the New Bedford Oceanarium and other institutions, to prepare youths and their families for careers in the cultural sector.

"(11) The resources of the institutions described in paragraphs (7) and (8) provide unique opportunities for illustrating and interpreting the contributions of Alaska Natives, Native Hawaiians, the whaling industry, and the China trade to the economic, social, and environmental history of the United States, for educating students and their parents, and for providing opportunities for internships and apprenticeships leading to careers with cultural institutions.

"(b) PURPOSES.—The purposes of this subpart are the following:

"(1) To authorize and develop innovative culturally-based educational programs and cultural exchanges to assist Alaska Natives, Native Hawaiians, and children and families of Massachusetts linked by history and tradition to Alaska and Hawaii to learn about shared culture and traditions.

"(2) To authorize and develop internship and apprentice programs to assist Alaska Natives, Native Hawaiians, and children and families of Massachusetts linked by history and tradition with Alaska and Hawaii to prepare for careers with cultural institutions.

"(3) To supplement programs and authorities in the area of education to further the objectives of this subpart.

"(3) The Bishop Museum in Hawaii.

"(4) The Peabody-Essex Museum in Salem, Massachusetts.

"(5) The New Bedford Whaling Museum and the New Bedford Oceanarium in New Bedford, Massachusetts.

"(6) Other Alaska Native and Native Hawaiian cultural and educational organizations.

"(7) Cultural and educational organizations with experience in developing or operating programs that illustrate and interpret the contributions of Alaska Natives, Native Hawaiians, the whaling industry, and the China trade to the economic, social, and environmental history of the United States.

"(8) Consortia of the organizations and entities described in this subsection.

“(b) USES OF FUNDS.—Activities provided through programs carried out under this subpart may include one or more of the following:

“(1) Development and implementation of educational programs to increase understanding of cultural diversity and multicultural communication among Alaska Natives, Native Hawaiians, and the people of the continental United States, based on historic patterns of trading and commerce.

“(2) Development and implementation of programs using modern technology, including the Internet, to educate students, their parents, and teachers about historic and contemporary cultural and trading ties that continue to link the diverse cultures of Alaska Natives, Native Hawaiians, and the people of Massachusetts.

“(3) Cultural exchanges of elders, students, parents, and teachers among Alaska Natives, Native Hawaiians, and the people of Massachusetts to increase awareness of diverse cultures among each group.

“(4) Sharing of collections among cultural institutions designed to increase awareness of diverse cultures and links among them.

“(5) Development and implementation of internship and apprentice programs in cultural institutions to train Alaska Natives, Native Hawaiians, and low-income students in Massachusetts for careers with cultural institutions.

“(6) Other activities, consistent with the purposes of this subpart, to meet the educational needs of Alaska Natives, Native Hawaiians, and students and their parents in Massachusetts.

Native Hawaiian
Education Act.
20 USC 7511.

“PART B—NATIVE HAWAIIAN EDUCATION

“SEC. 7201. SHORT TITLE.

“This part may be cited as the ‘Native Hawaiian Education Act’.

20 USC 7512.

“SEC. 7202. FINDINGS.

“Congress finds the following:

“(1) Native Hawaiians are a distinct and unique indigenous people with a historical continuity to the original inhabitants of the Hawaiian archipelago, whose society was organized as a nation and internationally recognized as a nation by the United States, Britain, France, and Japan, as evidenced by treaties governing friendship, commerce, and navigation.

“(2) At the time of the arrival of the first nonindigenous people in Hawaii in 1778, the Native Hawaiian people lived in a highly organized, self-sufficient subsistence social system based on a communal land tenure system with a sophisticated language, culture, and religion.

“(3) A unified monarchical government of the Hawaiian Islands was established in 1810 under Kamehameha I, the first King of Hawaii.

“(4) From 1826 until 1893, the United States recognized the sovereignty and independence of the Kingdom of Hawaii, which was established in 1810 under Kamehameha I, extended full and complete diplomatic recognition to the Kingdom of Hawaii, and entered into treaties and conventions with the Kingdom of Hawaii to govern friendship, commerce and navigation in 1826, 1842, 1849, 1875, and 1887.

“(5) In 1893, the sovereign, independent, internationally recognized, and indigenous government of Hawaii, the Kingdom of Hawaii, was overthrown by a small group of non-Hawaiians, including United States citizens, who were assisted in their efforts by the United States Minister, a United States naval representative, and armed naval forces of the United States. Because of the participation of United States agents and citizens in the overthrow of the Kingdom of Hawaii, in 1993 the United States apologized to Native Hawaiians for the overthrow and the deprivation of the rights of Native Hawaiians to self-determination through Public Law 103-150 (107 Stat. 1510).

“(6) In 1898, the joint resolution entitled ‘Joint Resolution to provide for annexing the Hawaiian Islands to the United States’, approved July 7, 1898 (30 Stat. 750), ceded absolute title of all lands held by the Republic of Hawaii, including the government and crown lands of the former Kingdom of Hawaii, to the United States, but mandated that revenue generated from the lands be used ‘solely for the benefit of the inhabitants of the Hawaiian Islands for educational and other public purposes’.

“(7) By 1919, the Native Hawaiian population had declined from an estimated 1,000,000 in 1778 to an alarming 22,600, and in recognition of this severe decline, Congress enacted the Hawaiian Homes Commission Act, 1920 (42 Stat. 108), which designated approximately 200,000 acres of ceded public lands for homesteading by Native Hawaiians.

“(8) Through the enactment of the Hawaiian Homes Commission Act, 1920, Congress affirmed the special relationship between the United States and the Native Hawaiians, which was described by then Secretary of the Interior Franklin K. Lane, who said: ‘One thing that impressed me . . . was the fact that the natives of the island who are our wards, I should say, and for whom in a sense we are trustees, are falling off rapidly in numbers and many of them are in poverty.’.

“(9) In 1938, Congress again acknowledged the unique status of the Hawaiian people by including in the Act of June 20, 1938 (52 Stat. 781, chapter 530; 16 U.S.C. 391b, 391b-1, 392b, 392c, 396, 396a), a provision to lease lands within the National Parks extension to Native Hawaiians and to permit fishing in the area ‘only by native Hawaiian residents of said area or of adjacent villages and by visitors under their guidance.’.

“(10) Under the Act entitled ‘An Act to provide for the admission of the State of Hawaii into the Union’, approved March 18, 1959 (73 Stat. 4), the United States transferred responsibility for the administration of the Hawaiian Home Lands to the State of Hawaii but reaffirmed the trust relationship between the United States and the Hawaiian people by retaining the exclusive power to enforce the trust, including the power to approve land exchanges and amendments to such Act affecting the rights of beneficiaries under such Act.

“(11) In 1959, under the Act entitled ‘An Act to provide for the admission of the State of Hawaii into the Union’, the United States also ceded to the State of Hawaii title to the public lands formerly held by the United States, but mandated that such lands be held by the State ‘in public trust’ and

reaffirmed the special relationship that existed between the United States and the Hawaiian people by retaining the legal responsibility to enforce the public trust responsibility of the State of Hawaii for the betterment of the conditions of Native Hawaiians, as defined in section 201(a) of the Hawaiian Homes Commission Act, 1920.

“(12) The United States has recognized and reaffirmed that—

“(A) Native Hawaiians have a cultural, historic, and land-based link to the indigenous people who exercised sovereignty over the Hawaiian Islands, and that group has never relinquished its claims to sovereignty or its sovereign lands;

“(B) Congress does not extend services to Native Hawaiians because of their race, but because of their unique status as the indigenous people of a once sovereign nation as to whom the United States has established a trust relationship;

“(C) Congress has also delegated broad authority to administer a portion of the Federal trust responsibility to the State of Hawaii;

“(D) the political status of Native Hawaiians is comparable to that of American Indians and Alaska Natives; and

“(E) the aboriginal, indigenous people of the United States have—

“(i) a continuing right to autonomy in their internal affairs; and

“(ii) an ongoing right of self-determination and self-governance that has never been extinguished.

“(13) The political relationship between the United States and the Native Hawaiian people has been recognized and reaffirmed by the United States, as evidenced by the inclusion of Native Hawaiians in—

“(A) the Native American Programs Act of 1974 (42 U.S.C. 2991 et seq.);

“(B) the American Indian Religious Freedom Act (42 U.S.C. 1996);

“(C) the National Museum of the American Indian Act (20 U.S.C. 80q et seq.);

“(D) the Native American Graves Protection and Repatriation Act (25 U.S.C. 3001 et seq.);

“(E) the National Historic Preservation Act (16 U.S.C. 470 et seq.);

“(F) the Native American Languages Act (25 U.S.C. 2901 et seq.);

“(G) the American Indian, Alaska Native, and Native Hawaiian Culture and Art Development Act (20 U.S.C. 4401 et seq.);

“(H) the Workforce Investment Act of 1998 (29 U.S.C. 2801 et seq.); and

“(I) the Older Americans Act of 1965 (42 U.S.C. 3001 et seq.).

“(14) In 1981, Congress instructed the Office of Education to submit to Congress a comprehensive report on Native Hawaiian education. The report, entitled the ‘Native Hawaiian Educational Assessment Project’, was released in 1983 and

documented that Native Hawaiians scored below parity with regard to national norms on standardized achievement tests, were disproportionately represented in many negative social and physical statistics indicative of special educational needs, and had educational needs that were related to their unique cultural situation, such as different learning styles and low self-image.

“(15) In recognition of the educational needs of Native Hawaiians, in 1988, Congress enacted title IV of the Augustus F. Hawkins-Robert T. Stafford Elementary and Secondary School Improvement Amendments of 1988 (102 Stat. 130) to authorize and develop supplemental educational programs to address the unique conditions of Native Hawaiians.

“(16) In 1993, the Kamehameha Schools Bishop Estate released a 10-year update of findings of the Native Hawaiian Educational Assessment Project, which found that despite the successes of the programs established under title IV of the Augustus F. Hawkins-Robert T. Stafford Elementary and Secondary School Improvement Amendments of 1988, many of the same educational needs still existed for Native Hawaiians. Subsequent reports by the Kamehameha Schools Bishop Estate and other organizations have generally confirmed those findings. For example—

“(A) educational risk factors continue to start even before birth for many Native Hawaiian children, including—

“(i) late or no prenatal care;

“(ii) high rates of births by Native Hawaiian women who are unmarried; and

“(iii) high rates of births to teenage parents;

“(B) Native Hawaiian students continue to begin their school experience lagging behind other students in terms of readiness factors such as vocabulary test scores;

“(C) Native Hawaiian students continue to score below national norms on standardized education achievement tests at all grade levels;

“(D) both public and private schools continue to show a pattern of lower percentages of Native Hawaiian students in the uppermost achievement levels and in gifted and talented programs;

“(E) Native Hawaiian students continue to be over-represented among students qualifying for special education programs provided to students with learning disabilities, mild mental retardation, emotional impairment, and other such disabilities;

“(F) Native Hawaiians continue to be underrepresented in institutions of higher education and among adults who have completed four or more years of college;

“(G) Native Hawaiians continue to be disproportionately represented in many negative social and physical statistics indicative of special educational needs, as demonstrated by the fact that—

“(i) Native Hawaiian students are more likely to be retained in grade level and to be excessively absent in secondary school;

“(ii) Native Hawaiian students have the highest rates of drug and alcohol use in the State of Hawaii; and

“(iii) Native Hawaiian children continue to be disproportionately victimized by child abuse and neglect; and

“(H) Native Hawaiians now comprise over 23 percent of the students served by the State of Hawaii Department of Education, and there are and will continue to be geographically rural, isolated areas with a high Native Hawaiian population density.

“(17) In the 1998 National Assessment of Educational Progress, Hawaiian fourth-graders ranked 39th among groups of students from 39 States in reading. Given that Hawaiian students rank among the lowest groups of students nationally in reading, and that Native Hawaiian students rank the lowest among Hawaiian students in reading, it is imperative that greater focus be placed on beginning reading and early education and literacy in Hawaii.

“(18) The findings described in paragraphs (16) and (17) are inconsistent with the high rates of literacy and integration of traditional culture and Western education historically achieved by Native Hawaiians through a Hawaiian language-based public school system established in 1840 by Kamehameha III.

“(19) Following the overthrow of the Kingdom of Hawaii in 1893, Hawaiian medium schools were banned. After annexation, throughout the territorial and statehood period of Hawaii, and until 1986, use of the Hawaiian language as an instructional medium in education in public schools was declared unlawful. The declaration caused incalculable harm to a culture that placed a very high value on the power of language, as exemplified in the traditional saying: ‘I ka ‘ōlelo nō ke ola; I ka ‘ōlelo nō ka make. In the language rests life; In the language rests death.’

“(20) Despite the consequences of over 100 years of non-indigenous influence, the Native Hawaiian people are determined to preserve, develop, and transmit to future generations their ancestral territory and their cultural identity in accordance with their own spiritual and traditional beliefs, customs, practices, language, and social institutions.

“(21) The State of Hawaii, in the constitution and statutes of the State of Hawaii—

“(A) reaffirms and protects the unique right of the Native Hawaiian people to practice and perpetuate their culture and religious customs, beliefs, practices, and language;

“(B) recognizes the traditional language of the Native Hawaiian people as an official language of the State of Hawaii, which may be used as the language of instruction for all subjects and grades in the public school system; and

“(C) promotes the study of the Hawaiian culture, language, and history by providing a Hawaiian education program and using community expertise as a suitable and essential means to further the program.

“PART C—ALASKA NATIVE EDUCATION

“SEC. 7301. SHORT TITLE.

“This part may be cited as the ‘Alaska Native Educational Equity, Support, and Assistance Act’.

“SEC. 7302. FINDINGS.

“Congress finds and declares the following:

Alaska Native
Educational
Equity, Support,
and Assistance
Act.
20 USC 7541.

20 USC 7542.

“(1) The attainment of educational success is critical to the betterment of the conditions, long-term well-being, and preservation of the culture of Alaska Natives.

“(2) It is the policy of the Federal Government to encourage the maximum participation by Alaska Natives in the planning and the management of Alaska Native education programs.

“(3) Alaska Native children enter and exit school with serious educational handicaps.

“(4) The educational achievement of Alaska Native children is far below national norms. Native performance on standardized tests is low, Native student dropout rates are high, and Natives are significantly underrepresented among holders of baccalaureate degrees in the State of Alaska. As a result, Native students are being denied their opportunity to become full participants in society by grade school and high school educations that are condemning an entire generation to an underclass status and a life of limited choices.

“(5) The programs authorized in this part, combined with expanded Head Start, infant learning, and early childhood education programs, and parent education programs, are essential if educational handicaps are to be overcome.

“(6) The sheer magnitude of the geographic barriers to be overcome in delivering educational services in rural Alaska and Alaska villages should be addressed through the development and implementation of innovative, model programs in a variety of areas.

“(7) Native children should be afforded the opportunity to begin their formal education on a par with their non-Native peers. The Federal Government should lend support to efforts developed by and undertaken within the Alaska Native community to improve educational opportunity for all students.

“SEC. 7303. PURPOSES.

20 USC 7543.

“The purposes of this part are as follows:

“(1) To recognize the unique educational needs of Alaska Natives.

“(2) To authorize the development of supplemental educational programs to benefit Alaska Natives.

“(e) HAZARDOUS CONDITION AT BUREAU-FUNDED SCHOOL.—

“(1) CLOSURE, CONSOLIDATION, OR CURTAILMENT.—

“(A) IN GENERAL.—A Bureau-funded school may be closed or consolidated, or the programs of a Bureau-funded school may be substantially curtailed, by reason of facility conditions that constitute an immediate hazard to health and safety only if a health and safety officer of the Bureau and an individual designated at the beginning of the school year by the tribe involved under subparagraph (B) determine that such conditions exist at a facility of the Bureau-funded school.

“(B) DESIGNATION OF INDIVIDUAL BY TRIBE.—To be designated by a tribe for purposes of subparagraph (A), an individual shall—

“(i) be a licensed or certified facilities safety inspector;

“(ii) have demonstrated experience in the inspection of facilities for health and safety purposes with respect to occupancy; or

“(iii) have a significant educational background in the health and safety of facilities with respect to occupancy.

“(C) INSPECTION.—After making a determination described in subparagraph (A), the Bureau health and safety officer and the individual designated by the tribe shall conduct an inspection of the conditions of such facility in order to determine whether conditions at such facility constitute an immediate hazard to health and safety. Such inspection shall be completed as expeditiously as practicable, but not later than 20 days after the date on which the action described in subparagraph (A) is taken.

“(D) FAILURE TO CONCUR.—If the Bureau health and safety officer, and the individual designated by the tribe, conducting the inspection of a facility required under subparagraph (C) do not concur that conditions at the facility constitute an immediate hazard to health and safety, such officer and individual shall immediately notify the tribal governing body and provide written information related to their determinations.

“(E) CONSIDERATION BY TRIBAL GOVERNING BODY.—Not later than 10 days after a tribal governing body receives notice under subparagraph (D), the tribal governing body shall consider all information relating to the determinations of the Bureau health and safety officer and the individual designated by the tribe and make a determination regarding the closure, consolidation, or curtailment involved.

“(F) AGREEMENT TO CLOSE, CONSOLIDATE, OR CURTAIL.—

Deadline.

“(i) IN GENERAL.—If the Bureau health and safety officer and the individual designated by the tribe conducting the inspection of a facility required under subparagraph (C), concur that conditions at the facility constitute an immediate hazard to health and safety, or if the tribal governing body makes such a determination under subparagraph (E), the facility involved shall be closed immediately.

“(ii) REOPENING OF FACILITY IF NO IMMEDIATE HAZARD FOUND TO EXIST.—If the Bureau health and safety officer or the individual designated by the tribe conducting the inspection of a facility required under subparagraph (C) determines that conditions at the facility do not constitute an immediate hazard to health and safety, any consolidation or curtailment that was made under this paragraph shall immediately cease and any school closed by reason of conditions at the facility shall be reopened immediately.

“(G) GENERAL CLOSURE REPORT.—If a Bureau-funded school is temporarily closed or consolidated or the programs of a Bureau-funded school are temporarily substantially curtailed under this subsection and the Secretary determines that the closure, consolidation, or curtailment will exceed 1 year, the Secretary shall submit to the appropriate committees of Congress, the affected tribe, and the local school board, not later than 90 days after the date on which the closure, consolidation, or curtailment was initiated, a report that specifies—

“(iii) an estimated date by which the actions described in clause (ii) will be concluded; and

“(iv) a plan for providing alternate education services for students enrolled at the school that is to be closed.

“(2) NONAPPLICATION OF CERTAIN STANDARDS FOR TEMPORARY FACILITY USE.—

“(A) CLASSROOM ACTIVITIES.—The Secretary shall permit the local school board to temporarily utilize facilities adjacent to the school, or satellite facilities, if such facilities are suitable for conducting classroom activities. In permitting the use of facilities under the preceding sentence, the Secretary may waive applicable minor standards under section 1121 relating to such facilities (such as the required number of exit lights or configuration of restrooms) so long as such waivers do not result in the creation of an environment that constitutes an immediate and substantial threat to the health, safety, and life of students and staff.

“(B) ADMINISTRATIVE ACTIVITIES.—The provisions of subparagraph (A) shall apply with respect to administrative personnel if the facilities involved are suitable for activities performed by such personnel.

“(C) TEMPORARY.—In this paragraph, the term ‘temporary’ means—

“(3) TREATMENT OF CLOSURE.—Any closure of a Bureau-funded school under this subsection for a period that exceeds 30 days but is less than 1 year, shall be treated by the Bureau as an emergency facility improvement and repair project.

“(4) USE OF FUNDS.—With respect to a Bureau-funded school that is closed under this subsection, the tribal governing body, or the designated local school board of each Bureau-funded school, involved may authorize the use of funds allocated pursuant to section 1127, to abate the hazardous conditions without further action by Congress.

“(f) FUNDING REQUIREMENT.—

“(1) DISTRIBUTION OF FUNDS.—Beginning with the first fiscal year following the date of enactment of the Native American Education Improvement Act of 2001, all funds appropriated to the budget accounts for the operations and maintenance of Bureau-funded schools shall be distributed by formula to the schools. No funds from these accounts may be retained or segregated by the Bureau to pay for administrative or other costs of any facilities branch or office, at any level of the Bureau.

“(2) REQUIREMENTS FOR CERTAIN USES.—No funds shall be withheld from the distribution to the budget of any school operated under contract or grant by the Bureau for maintenance or any other facilities or road-related purpose, unless such school has consented, as a modification to the contract or in writing for grants schools, to the withholding of such funds, including the amount thereof, the purpose for which the funds will be used, and the timeline for the services to be provided. The school may, at the end of any fiscal year, cancel an agreement under this paragraph upon giving the Bureau 30 days notice of its intent to do so.

“(g) NO REDUCTION IN FEDERAL FUNDING.—Nothing in this section shall diminish any Federal funding due to the receipt by the school of funding for facilities improvement or construction from a State or any other source.

“(A) the number of eligible Indian students served and total student population of the school;

“(B) special cost factors, such as—

“(i) the isolation of the school;

“(ii) the need for special staffing, transportation, or educational programs;

“(iii) food and housing costs;

“(iv) maintenance and repair costs associated with the physical condition of the educational facilities;

“(v) special transportation and other costs of isolated and small schools;

“(vi) the costs of home-living (dormitory) arrangements, where determined necessary by a tribal governing body or designated school board;

“(vii) costs associated with greater lengths of service by education personnel;

“(C) the cost of providing academic services which are at least equivalent to those provided by public schools in the State in which the school is located;

“(D) whether the available funding will enable the school involved to comply with the accreditation standards applicable to the school under section 1121; and

“(E) such other relevant factors as the Secretary determines are appropriate.

“(2) REVISION OF FORMULA.—

“(A) IN GENERAL.—Upon the establishment of the standards required in section 1122, the Secretary shall revise the formula established under this subsection to reflect the cost of funding such standards.

“(B) REVIEW OF FORMULA.—Not later than January 1, 2003, the Secretary shall review the formula established under this section and shall take such steps as are necessary to increase the availability of counseling and therapeutic programs for students in off-reservation home-living (dormitory) schools and other Bureau-operated residential facilities.

Deadline.

“(C) REVIEW OF STANDARDS.—Concurrent with such action, the Secretary shall review the standards established under section 1122 to be certain that adequate provision is made for parental notification regarding, and consent for, such counseling and therapeutic programs.

“(c) ANNUAL ADJUSTMENT; RESERVATION OF AMOUNT FOR SCHOOL BOARD ACTIVITIES.—

“(1) ANNUAL ADJUSTMENT.—For fiscal year 2003, and for each subsequent fiscal year, the Secretary shall adjust the formula established under subsection (a) to ensure that the formula does the following:

“(A) Uses a weighted unit of 1.2 for each eligible Indian student enrolled in the seventh and eighth grades of the school in considering the number of eligible Indian students served by the school.

“(B) Considers a school with an enrollment of less than 50 eligible Indian students as having an average daily attendance of 50 eligible Indian students for purposes of implementing the adjustment factor for small schools.

“(C) Takes into account the provision of residential services on less than a 9-month basis at a school when

the school board and supervisor of the school determine that a less than 9-month basis will be implemented for the school year involved.

“(D) Uses a weighted unit of 2.0 for each eligible Indian student that—

“(i) is gifted and talented; and

“(ii) is enrolled in the school on a full-time basis, in considering the number of eligible Indian students served by the school.

“(E) Uses a weighted unit of 0.25 for each eligible Indian student who is enrolled in a year-long credit course in an Indian or Native language as part of the regular curriculum of a school, in considering the number of eligible Indian students served by such school. The adjustment required under this subparagraph shall be used for such school after—

“(i) the certification of the Indian or Native language curriculum by the school board of such school to the Secretary, together with an estimate of the number of full-time students expected to be enrolled in the curriculum in the second school year for which the certification is made; and

“(ii) the funds appropriated for allotment under this section are designated by the appropriations Act appropriating such funds as the amount necessary to implement such adjustment at such school without reducing allotments made under this section to any school by virtue of such adjustment.

“(2) RESERVATION OF AMOUNT.—

“(A) IN GENERAL.—From the funds allotted in accordance with the formula established under subsection (a) for each Bureau school, the local school board of such school may reserve an amount which does not exceed the greater of—

“(i) \$8,000; or

“(ii) the lesser of—

“(I) \$15,000; or

for school board activities for such school, including (notwithstanding any other provision of law) meeting expenses and the cost of membership in, and support of, organizations engaged in activities on behalf of Indian education.

“(B) TRAINING.—

“(i) IN GENERAL.—Each local school board, and any agency school board that serves as a local school board for any grant or contract school, shall ensure that each individual who is a new member of the school board receives, within 1 year after the individual becomes a member of the school board, 40 hours of training relevant to that individual’s service on the board.

“(ii) TYPES OF TRAINING.—Such training may include training concerning legal issues pertaining to Bureau-funded schools, legal issues pertaining to school boards, ethics, and other topics determined to be appropriate by the school board.

“(B) the school board consents;

“(C) the student is a dependent of a Bureau, Indian Health Service, or tribal government employee who lives on or near the school site; or

“(D) tuition is paid for the student that is not more than the tuition charged by the nearest public school district for out-of-district students and shall be in addition to the school’s allocation under this section.

“(3) ATTENDANCE OF NON-INDIAN STUDENTS AT CONTRACT AND GRANT SCHOOLS.—The school board of a contract or grant school may permit students who are not eligible Indian students under this subsection to attend its contract school or grant school. Any tuition collected for those students shall be in addition to funding received under this section.

“(h) FUNDS AVAILABLE WITHOUT FISCAL YEAR LIMITATION.—Notwithstanding any other provision of law, at the election of the school board of a Bureau school made at any time during the fiscal year, a portion equal to not more than 15 percent of the funds allocated with respect to a school under this section for any fiscal year shall remain available to the school for expenditure without fiscal year limitation. The Assistant Secretary shall take such steps as are necessary to implement this subsection.

“(i) the second fiscal year preceding such fiscal year; or

“(ii) if such programs have not been operated by the tribe or tribal organization during the 2 preceding fiscal years, the first fiscal year preceding such fiscal year.

“(B) FUNCTIONS NOT PREVIOUSLY OPERATED.—In the case of Bureau elementary or secondary education functions which have not previously been operated by a tribe or tribal organization under contract, grant, or agreement with the Bureau, the direct cost base for the initial year shall be the projected aggregate direct cost program funding for all Bureau elementary and secondary functions to be operated by the tribe or tribal organization during that fiscal year.

“(4) MAXIMUM BASE RATE.—The term ‘maximum base rate’ means 50 percent.

“(5) MINIMUM BASE RATE.—The term ‘minimum base rate’ means 11 percent.

“(b) GRANTS; EFFECT UPON APPROPRIATED AMOUNTS.—

“(1) GRANTS.—Subject to the availability of funds, the Secretary shall provide grants to each tribe or tribal organization operating a contract school or grant school in the amount determined under this section with respect to the tribe or tribal organization for the purpose of paying the administrative and indirect costs incurred in operating contract or grant schools, provided that no school operated as a stand-alone institution shall receive less than \$200,000 per year for these purposes, in order to—

“(B) carry out other necessary support functions which would otherwise be provided by the Secretary or other Federal officers or employees, from resources other than direct program funds, in support of comparable Bureau-operated programs.

“(2) EFFECT UPON APPROPRIATED AMOUNTS.—Amounts appropriated to fund the grants provided under this section shall be in addition to, and shall not reduce, the amounts appropriated for the program being administered by the contract or grant school.

“(c) DETERMINATION OF GRANT AMOUNT.—

“(1) IN GENERAL.—The amount of the grant provided to each tribe or tribal organization under this section for each fiscal year shall be determined by applying the administrative cost percentage rate of the tribe or tribal organization to the aggregate of the Bureau elementary and secondary functions operated by the tribe or tribal organization for which funds are received from or through the Bureau.

“(2) DIRECT COST BASE FUNDS.—The Secretary shall—

“(A) reduce the amount of the grant determined under paragraph (1) to the extent that payments for administrative costs are actually received by an Indian tribe or tribal organization under any Federal education program included in the direct cost base of the tribe or tribal organization; and

“(d) ADMINISTRATIVE COST PERCENTAGE RATE.—

“(1) IN GENERAL.—For purposes of this section, the administrative cost percentage rate for a contract or grant school for a fiscal year is equal to the percentage determined by dividing—

“(A) the sum of—

“(i) the amount equal to—

“(I) the direct cost base of the tribe or tribal organization for the fiscal year, multiplied by

“(II) the minimum base rate; plus

“(ii) the amount equal to—

“(I) the standard direct cost base; multiplied by

“(II) the maximum base rate; by

“(B) the sum of—

“(i) the direct cost base of the tribe or tribal organization for the fiscal year; plus

“(ii) the standard direct cost base.

“(2) ROUNDING.—The administrative cost percentage rate shall be determined to the $\frac{1}{100}$ of a decimal point.

“(3) APPLICABILITY.—The administrative cost percentage rate determined under this subsection shall not apply to other programs operated by the tribe or tribal organization.

“(e) COMBINING FUNDS.—

“(1) IN GENERAL.—Funds received by a tribe or contract or grant school as grants under this section for tribal elementary or secondary educational programs may be combined by the tribe or contract or grant school into a single administrative cost account without the necessity of maintaining separate funding source accounting.

“(2) INDIRECT COST FUNDS.—Indirect cost funds for programs at the school which share common administrative services with tribal elementary or secondary educational programs may be included in the administrative cost account described in paragraph (1).

“(f) AVAILABILITY OF FUNDS.—Funds received as grants under this section with respect to tribal elementary or secondary education programs shall remain available to the contract or grant school without fiscal year limitation and without diminishing the amount of any grants otherwise payable to the school under this section for any fiscal year beginning after the fiscal year for which the grant is provided.

“(g) TREATMENT OF FUNDS.—Funds received as grants under this section for Bureau-funded programs operated by a tribe or tribal organization under a contract or agreement shall not be taken into consideration for purposes of indirect cost underrecovery and overrecovery determinations by any Federal agency for any other funds, from whatever source derived.

“(h) TREATMENT OF ENTITY OPERATING OTHER PROGRAMS.—In applying this section and section 106 of the Indian Self-Determination and Education Assistance Act with respect to an Indian tribe or tribal organization that—

“(1) receives funds under this section for administrative costs incurred in operating a contract or grant school or a school operated under the Tribally Controlled Schools Act of 1988; and

“(2) operates one or more other programs under a contract or grant provided under the Indian Self-Determination and Education Assistance Act,

the Secretary shall ensure that the Indian tribe or tribal organization is provided with the full amount of the administrative costs that are associated with operating the contract or grant school, and of the indirect costs, that are associated with all of such other programs, except that funds appropriated for implementation of this section shall be used only to supply the amount of the grant required to be provided by this section.

“(i) STUDIES FOR DETERMINATION OF FACTORS AFFECTING COSTS; BASE RATES LIMITS; STANDARD DIRECT COST BASE; REPORT TO CONGRESS.—

Deadline.

“(1) STUDIES.—Not later than 120 days after the date of enactment of the Native American Education Improvement Act of 2001, the Director of the Office of Indian Education Programs shall—

“(A) conduct such studies as may be needed to establish an empirical basis for determining relevant factors substantially affecting required administrative costs of tribal elementary and secondary education programs, using the formula set forth in subsection (c); and

“(B) conduct a study to determine—

“(i) a maximum base rate which ensures that the amount of the grants provided under this section will provide adequate (but not excessive) funding of the administrative costs of the smallest tribal elementary or secondary educational programs;

“(ii) a minimum base rate which ensures that the amount of the grants provided under this section will provide adequate (but not excessive) funding of the administrative costs of the largest tribal elementary or secondary educational programs; and

“(iii) a standard direct cost base which is the aggregate direct cost funding level for which the percentage determined under subsection (d) will—

“(I) be equal to the median between the maximum base rate and the minimum base rate; and

“(II) ensure that the amount of the grants provided under this section will provide adequate (but not excessive) funding of the administrative costs of tribal elementary or secondary educational programs closest to the size of the program.

“(2) GUIDELINES.—The studies required under paragraph (1) shall—

“(A) be conducted in full consultation (in accordance with section 1131) with—

“(i) the tribes and tribal organizations that are affected by the application of the formula set forth in subsection (c); and

“(ii) all national and regional Indian organizations of which such tribes and tribal organizations are typically members;

“(B) be conducted onsite with a representative statistical sample of the tribal elementary or secondary educational programs under a contract entered into with a nationally reputable public accounting and business consulting firm;

“(C) take into account the availability of skilled labor commodities, business and automatic data processing services, related Indian preference and Indian control of education requirements, and any other market factors found to substantially affect the administrative costs and efficiency of each such tribal elementary or secondary educational program studied in order to ensure that all required administrative activities can reasonably be delivered in a cost effective manner for each such program, given an administrative cost allowance generated by the values, percentages, or other factors found in the studies to be relevant in such formula;

“(D) identify, and quantify in terms of percentages of direct program costs, any general factors arising from geographic isolation, or numbers of programs administered, independent of program size factors used to compute a base administrative cost percentage in such formula; and

“(E) identify any other incremental cost factors substantially affecting the costs of required administrative cost functions at any of the tribal elementary or secondary educational programs studied and determine whether the factors are of general applicability to other such programs, and (if so) how the factors may effectively be incorporated into such formula.

“(3) CONSULTATION WITH INSPECTOR GENERAL.—In carrying out the studies required under this subsection, the Director shall obtain the input of, and afford an opportunity to participate to, the Inspector General of the Department of the Interior.

“(4) CONSIDERATION OF DELIVERY OF ADMINISTRATIVE SERVICES.—Determinations described in paragraph (2)(C) shall be based on what is practicable at each location studied, given prudent management practice, irrespective of whether required administrative services were actually or fully delivered at these sites, or whether other services were delivered instead, during the period of the study.

“(5) REPORT.—Upon completion of the studies conducted under paragraph (1), the Director shall submit to Congress a report on the findings of the studies, together with determinations based upon such studies that would affect the definitions set forth under subsection (e) that are used in the formula set forth in subsection (c).

“(6) PROJECTION OF COSTS.—The Secretary shall include in the Bureau’s justification for each appropriations request beginning in the first fiscal year after the completion of the studies conducted under paragraph (1), a projection of the overall costs associated with the formula set forth in subsection (c) for all tribal elementary or secondary education programs which the Secretary expects to be funded in the fiscal year for which the appropriations are sought.

“(7) DETERMINATION OF PROGRAM SIZE.—For purposes of this subsection, the size of tribal elementary or secondary educational programs is determined by the aggregate direct cost program funding level for all Bureau-funded programs which share common administrative cost functions.

(ii) the chief judge determines, in consultation with the presiding judge of the Family Court, based on the record in the case and any unique expertise, training, or knowledge of the case that the judge might have, that permitting the judge to retain the case would lead to permanent placement of the child more quickly than reassignment to a judge in the Family Court.

(F) RULE OF CONSTRUCTION.—Nothing in this subsection shall preclude the chief judge, in consultation with the presiding judge of the Family Court, from transferring actions or proceedings pending before judges outside the Family Court at the enactment of this Act which do not involve allegations of abuse and neglect but which would otherwise fall under the jurisdiction of the Family Court to judges in the Family Court prior to the deadline as defined in subparagraph 2(B), particularly if such transfer would result in more efficient resolution of such actions or proceedings.

(3) EFFECTIVE DATE OF IMPLEMENTATION OF PLAN.—The chief judge of the Superior Court may not take any action to implement the transition plan under this subsection until the expiration of the 30-day period which begins on the date the chief judge submits the plan to the President and Congress under paragraph (1).

(2) **ROLE OF DISTRICT OF COLUMBIA JUDICIAL NOMINATION COMMISSION.**—For purposes of section 434(d)(1) of the District of Columbia Home Rule Act, the submission of a request from the chief judge of the Superior Court of the District of Columbia under paragraph (1)(B) shall be deemed to create a number of vacancies in the position of judge of the Superior Court equal to the number of additional appointments so requested by the chief judge, except that the deadline for the submission by the District of Columbia Judicial Nomination Commission of nominees to fill such vacancies shall be 90 days after the creation of such vacancies. DIVISION D—MISCELLANEOUS PROVISIONS

TITLE I—CONVEYANCE OF HOMESTAKE MINE

Homestake Mine
Conveyance Act
of 2001.
South Dakota.
California.

SEC. 101. SHORT TITLE.

This title may be cited as the “Homestake Mine Conveyance Act of 2001”.

SEC. 102. FINDINGS.

Congress finds the following:

(1) The United States is among the leading nations in the world in conducting basic scientific research.

(2) That leadership position strengthens the economy and national defense of the United States and provides other important benefits.

(3) The Homestake Mine in Lead, South Dakota, owned by the Homestake Mining Company of California, is approximately 8,000 feet deep and is situated in a unique physical setting that is ideal for carrying out certain types of particle physics and other research.

(4) The Mine has been selected by the National Underground Science Laboratory Committee, an independent panel of distinguished scientists, as the preferred site for the construction of the National Underground Science Laboratory.

(5) Such a laboratory would be used to conduct scientific research that would be funded and recognized as significant by the United States.

(6) The establishment of the laboratory is in the national interest and would substantially improve the capability of the United States to conduct important scientific research.

(7) For economic reasons, Homestake intends to cease operations at the Mine in 2001.

(8) On cessation of operations of the Mine, Homestake intends to implement reclamation actions that would preclude the establishment of a laboratory at the Mine.

(9) Homestake has advised the State that, after cessation of operations at the Mine, instead of closing the entire Mine, Homestake is willing to donate the underground portion of the Mine and certain other real and personal property of substantial value at the Mine for use as the National Underground Science Laboratory.

(10) Use of the Mine as the site for the laboratory, instead of other locations under consideration, would result in a savings of millions of dollars for the Federal Government.

(11) If the Mine is selected as the site for the laboratory, it is essential that closure of the Mine not preclude the location of the laboratory at the Mine.

(12) Homestake is unwilling to donate, and the State is unwilling to accept, the property at the Mine for the laboratory if Homestake and the State would continue to have potential liability with respect to the transferred property.

(13) To secure the use of the Mine as the location for the laboratory and to realize the benefits of the proposed laboratory it is necessary for the United States to—

(A) assume a portion of any potential future liability of Homestake concerning the Mine; and

(B) address potential liability associated with the operation of the laboratory.

42 USC 9601
note.

SEC. 101. SHORT TITLE.

SEC. 102. SMALL BUSINESS LIABILITY RELIEF.

(a) EXEMPTIONS.—Section 107 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. 9607) is amended by adding at the end the following new subsections:

“(o) DE MICROMIS EXEMPTION.—

“(1) IN GENERAL.—Except as provided in paragraph (2), a person shall not be liable, with respect to response costs at a facility on the National Priorities List, under this Act if liability is based solely on paragraph (3) or (4) of subsection (a), and the person, except as provided in paragraph (4) of this subsection, can demonstrate that—

“(A) the total amount of the material containing hazardous substances that the person arranged for disposal or treatment of, arranged with a transporter for transport for disposal or treatment of, or accepted for transport for disposal or treatment, at the facility was less than 110 gallons of liquid materials or less than 200 pounds of solid materials (or such greater or lesser amounts as the Administrator may determine by regulation); and

“(B) all or part of the disposal, treatment, or transport concerned occurred before April 1, 2001.

“(2) EXCEPTIONS.—Paragraph (1) shall not apply in a case in which—

“(A) the President determines that—

“(i) the materials containing hazardous substances referred to in paragraph (1) have contributed significantly or could contribute significantly, either individually or in the aggregate, to the cost of the response action or natural resource restoration with respect to the facility; or

“(ii) the person has failed to comply with an information request or administrative subpoena issued by the President under this Act or has impeded or is impeding, through action or inaction, the performance of a response action or natural resource restoration with respect to the facility; or

“(B) a person has been convicted of a criminal violation for the conduct to which the exemption would apply, and that conviction has not been vitiated on appeal or otherwise.

“(3) NO JUDICIAL REVIEW.—A determination by the President under paragraph (2)(A) shall not be subject to judicial review.

“(4) NONGOVERNMENTAL THIRD-PARTY CONTRIBUTION ACTIONS.—In the case of a contribution action, with respect to response costs at a facility on the National Priorities List, brought by a party, other than a Federal, State, or local government, under this Act, the burden of proof shall be on the party bringing the action to demonstrate that the conditions described in paragraph (1)(A) and (B) of this subsection are not met.

“(p) MUNICIPAL SOLID WASTE EXEMPTION.—

“(1) IN GENERAL.—Except as provided in paragraph (2) of this subsection, a person shall not be liable, with respect to response costs at a facility on the National Priorities List, under paragraph (3) of subsection (a) for municipal solid waste disposed of at a facility if the person, except as provided in paragraph (5) of this subsection, can demonstrate that the person is—

“(A) an owner, operator, or lessee of residential property from which all of the person’s municipal solid waste was generated with respect to the facility;

“(B) a business entity (including a parent, subsidiary, or affiliate of the entity) that, during its 3 taxable years preceding the date of transmittal of written notification from the President of its potential liability under this section, employed on average not more than 100 full-time individuals, or the equivalent thereof, and that is a small business concern (within the meaning of the Small Business Act (15 U.S.C. 631 et seq.)) from which was generated all of the municipal solid waste attributable to the entity with respect to the facility; or

“(C) an organization described in section 501(c)(3) of the Internal Revenue Code of 1986 and exempt from tax under section 501(a) of such Code that, during its taxable year preceding the date of transmittal of written notification from the President of its potential liability under this section, employed not more than 100 paid individuals at the location from which was generated all of the municipal

solid waste attributable to the organization with respect to the facility.

For purposes of this subsection, the term ‘affiliate’ has the meaning of that term provided in the definition of ‘small business concern’ in regulations promulgated by the Small Business Administration in accordance with the Small Business Act (15 U.S.C. 631 et seq.).

“(2) EXCEPTION.—Paragraph (1) shall not apply in a case in which the President determines that—

“(A) the municipal solid waste referred to in paragraph (1) has contributed significantly or could contribute significantly, either individually or in the aggregate, to the cost of the response action or natural resource restoration with respect to the facility;

“(B) the person has failed to comply with an information request or administrative subpoena issued by the President under this Act; or

“(C) the person has impeded or is impeding, through action or inaction, the performance of a response action or natural resource restoration with respect to the facility.

“(3) NO JUDICIAL REVIEW.—A determination by the President under paragraph (2) shall not be subject to judicial review.

“(4) DEFINITION OF MUNICIPAL SOLID WASTE.—

“(A) IN GENERAL.—For purposes of this subsection, the term ‘municipal solid waste’ means waste material—

“(i) generated by a household (including a single or multifamily residence); and

“(ii) generated by a commercial, industrial, or institutional entity, to the extent that the waste material—

“(I) is essentially the same as waste normally generated by a household;

“(II) is collected and disposed of with other municipal solid waste as part of normal municipal solid waste collection services; and

“(III) contains a relative quantity of hazardous substances no greater than the relative quantity of hazardous substances contained in waste material generated by a typical single-family household.

“(B) EXAMPLES.—Examples of municipal solid waste under subparagraph (A) include food and yard waste, paper, clothing, appliances, consumer product packaging, disposable diapers, office supplies, cosmetics, glass and metal food containers, elementary or secondary school science laboratory waste, and household hazardous waste.

“(C) EXCLUSIONS.—The term ‘municipal solid waste’ does not include—

“(i) combustion ash generated by resource recovery facilities or municipal incinerators; or

“(ii) waste material from manufacturing or processing operations (including pollution control operations) that is not essentially the same as waste normally generated by households.

“(5) BURDEN OF PROOF.—In the case of an action, with respect to response costs at a facility on the National Priorities List, brought under section 107 or 113 by—

“(A) a party, other than a Federal, State, or local government, with respect to municipal solid waste disposed of on or after April 1, 2001; or

“(B) any party with respect to municipal solid waste disposed of before April 1, 2001, the burden of proof shall be on the party bringing the action to demonstrate that the conditions described in paragraphs (1) and (4) for exemption for entities and organizations described in paragraph (1)(B) and (C) are not met.

“(6) CERTAIN ACTIONS NOT PERMITTED.—No contribution action may be brought by a party, other than a Federal, State, or local government, under this Act with respect to circumstances described in paragraph (1)(A).

“(7) COSTS AND FEES.—A nongovernmental entity that commences, after the date of the enactment of this subsection, a contribution action under this Act shall be liable to the defendant for all reasonable costs of defending the action, including all reasonable attorney’s fees and expert witness fees, if the defendant is not liable for contribution based on an exemption under this subsection or subsection (o).”.

(b) EXPEDITED SETTLEMENT.—Section 122(g) of such Act (42 U.S.C. 9622(g)) is amended by adding at the end the following new paragraphs:

“(7) REDUCTION IN SETTLEMENT AMOUNT BASED ON LIMITED ABILITY TO PAY.—

“(A) IN GENERAL.—The condition for settlement under this paragraph is that the potentially responsible party is a person who demonstrates to the President an inability or a limited ability to pay response costs.

“(B) CONSIDERATIONS.—In determining whether or not a demonstration is made under subparagraph (A) by a person, the President shall take into consideration the ability of the person to pay response costs and still maintain its basic business operations, including consideration of the overall financial condition of the person and demonstrable constraints on the ability of the person to raise revenues.

“(C) INFORMATION.—A person requesting settlement under this paragraph shall promptly provide the President with all relevant information needed to determine the ability of the person to pay response costs.

“(D) ALTERNATIVE PAYMENT METHODS.—If the President determines that a person is unable to pay its total settlement amount at the time of settlement, the President shall consider such alternative payment methods as may be necessary or appropriate.

“(8) ADDITIONAL CONDITIONS FOR EXPEDITED SETTLEMENTS.—

“(A) WAIVER OF CLAIMS.—The President shall require, as a condition for settlement under this subsection, that a potentially responsible party waive all of the claims (including a claim for contribution under this Act) that the party may have against other potentially responsible parties for response costs incurred with respect to the facility, unless the President determines that requiring a waiver would be unjust.

“(B) FAILURE TO COMPLY.—The President may decline to offer a settlement to a potentially responsible party under this subsection if the President determines that the potentially responsible party has failed to comply with any request for access or information or an administrative subpoena issued by the President under this Act or has impeded or is impeding, through action or inaction, the performance of a response action with respect to the facility.

“(C) RESPONSIBILITY TO PROVIDE INFORMATION AND ACCESS.—A potentially responsible party that enters into a settlement under this subsection shall not be relieved of the responsibility to provide any information or access requested in accordance with subsection (e)(3)(B) or section 104(e).

President.

“(9) BASIS OF DETERMINATION.—If the President determines that a potentially responsible party is not eligible for settlement under this subsection, the President shall provide the reasons for the determination in writing to the potentially responsible party that requested a settlement under this subsection.

President.

“(10) NOTIFICATION.—As soon as practicable after receipt of sufficient information to make a determination, the President shall notify any person that the President determines is eligible under paragraph (1) of the person’s eligibility for an expedited settlement.

“(11) NO JUDICIAL REVIEW.—A determination by the President under paragraph (7), (8), (9), or (10) shall not be subject to judicial review.

President.

“(12) NOTICE OF SETTLEMENT.—After a settlement under this subsection becomes final with respect to a facility, the President shall promptly notify potentially responsible parties at the facility that have not resolved their liability to the United States of the settlement.”.

42 USC 9607
note.

SEC. 103. EFFECT ON CONCLUDED ACTIONS.

The amendments made by this title shall not apply to or in any way affect any settlement lodged in, or judgment issued by, a United States District Court, or any administrative settlement or order entered into or issued by the United States or any State, before the date of the enactment of this Act.

“(ii) prior notice and opportunity for comment on proposed cleanup plans and site activities; and

“(iii) a mechanism by which—

“(I) a person that is or may be affected by a release or threatened release of a hazardous substance, pollutant, or contaminant at a brownfield site located in the community in which

the person works or resides may request the conduct of a site assessment; and

“(II) an appropriate State official shall consider and appropriately respond to a request under subclause (I).

“(D) Mechanisms for approval of a cleanup plan, and a requirement for verification by and certification or similar documentation from the State, an Indian tribe, or a licensed site professional to the person conducting a response action indicating that the response is complete.

“(3) FUNDING.—There is authorized to be appropriated to carry out this subsection \$50,000,000 for each of fiscal years 2002 through 2006.

“(b) ENFORCEMENT IN CASES OF A RELEASE SUBJECT TO STATE PROGRAM.—

“(1) ENFORCEMENT.—

“(A) IN GENERAL.— Except as provided in subparagraph (B) and subject to subparagraph (C), in the case of an eligible response site at which—

“(i) there is a release or threatened release of a hazardous substance, pollutant, or contaminant; and

“(ii) a person is conducting or has completed a response action regarding the specific release that is addressed by the response action that is in compliance with the State program that specifically governs response actions for the protection of public health and the environment,

the President may not use authority under this Act to take an administrative or judicial enforcement action under section 106(a) or to take a judicial enforcement action to recover response costs under section 107(a) against the person regarding the specific release that is addressed by the response action.

“(B) EXCEPTIONS.—The President may bring an administrative or judicial enforcement action under this Act during or after completion of a response action described in subparagraph (A) with respect to a release or threatened release at an eligible response site described in that subparagraph if—

“(i) the State requests that the President provide assistance in the performance of a response action;

“(ii) the Administrator determines that contamination has migrated or will migrate across a State line, resulting in the need for further response action to protect human health or the environment, or the President determines that contamination has migrated or is likely to migrate onto property subject to the jurisdiction, custody, or control of a department, agency, or instrumentality of the United States and may impact the authorized purposes of the Federal property;

“(iii) after taking into consideration the response activities already taken, the Administrator determines that—

“(I) a release or threatened release may present an imminent and substantial endangerment to public health or welfare or the environment; and

“(II) additional response actions are likely to be necessary to address, prevent, limit, or mitigate the release or threatened release; or

“(iv) the Administrator, after consultation with the State, determines that information, that on the earlier of the date on which cleanup was approved or completed, was not known by the State, as recorded in documents prepared or relied on in selecting or conducting the cleanup, has been discovered regarding the contamination or conditions at a facility such that the contamination or conditions at the facility present a threat requiring further remediation to protect public health or welfare or the environment. Consultation with the State shall not limit the ability of the Administrator to make this determination.

Applicability.

“(C) PUBLIC RECORD.—The limitations on the authority of the President under subparagraph (A) apply only at sites in States that maintain, update not less than annually, and make available to the public a record of sites, by name and location, at which response actions have been completed in the previous year and are planned to be addressed under the State program that specifically governs response actions for the protection of public health and the environment in the upcoming year. The public record shall identify whether or not the site, on completion of the response action, will be suitable for unrestricted use and, if not, shall identify the institutional controls relied on in the remedy. Each State and tribe receiving financial assistance under subsection (a) shall maintain and make available to the public a record of sites as provided in this paragraph.

“(D) EPA NOTIFICATION.—

“(i) IN GENERAL.—In the case of an eligible response site at which there is a release or threatened release of a hazardous substance, pollutant, or contaminant and for which the Administrator intends to carry out an action that may be barred under subparagraph (A), the Administrator shall—

“(I) notify the State of the action the Administrator intends to take; and

“(II)(aa) wait 48 hours for a reply from the State under clause (ii); or

“(bb) if the State fails to reply to the notification or if the Administrator makes a determination under clause (iii), take immediate action under that clause.

Deadline.

“(ii) STATE REPLY.—Not later than 48 hours after a State receives notice from the Administrator under clause (i), the State shall notify the Administrator if—

“(I) the release at the eligible response site is or has been subject to a cleanup conducted under a State program; and

“(II) the State is planning to abate the release or threatened release, any actions that are planned.

“(iii) IMMEDIATE FEDERAL ACTION.—The Administrator may take action immediately after giving

notification under clause (i) without waiting for a State reply under clause (ii) if the Administrator determines that one or more exceptions under subparagraph (B) are met.

“(E) REPORT TO CONGRESS.—Not later than 90 days after the date of initiation of any enforcement action by the President under clause (ii), (iii), or (iv) of subparagraph (B), the President shall submit to Congress a report describing the basis for the enforcement action, including specific references to the facts demonstrating that enforcement action is permitted under subparagraph (B).

Deadline.
President.

“(2) SAVINGS PROVISION.—

“(A) COSTS INCURRED PRIOR TO LIMITATIONS.—Nothing in paragraph (1) precludes the President from seeking to recover costs incurred prior to the date of the enactment of this section or during a period in which the limitations of paragraph (1)(A) were not applicable.

“(B) EFFECT ON AGREEMENTS BETWEEN STATES AND EPA.—Nothing in paragraph (1)—

“(i) modifies or otherwise affects a memorandum of agreement, memorandum of understanding, or any similar agreement relating to this Act between a State agency or an Indian tribe and the Administrator that is in effect on or before the date of the enactment of this section (which agreement shall remain in effect, subject to the terms of the agreement); or

“(ii) limits the discretionary authority of the President to enter into or modify an agreement with a State, an Indian tribe, or any other person relating to the implementation by the President of statutory authorities.

“(3) EFFECTIVE DATE.—This subsection applies only to response actions conducted after February 15, 2001.

Applicability.

“(c) EFFECT ON FEDERAL LAWS.—Nothing in this section affects any liability or response authority under any Federal law, including—

“(1) this Act, except as provided in subsection (b);

“(2) the Solid Waste Disposal Act (42 U.S.C. 6901 et seq.);

“(3) the Federal Water Pollution Control Act (33 U.S.C. 1251 et seq.);

“(4) the Toxic Substances Control Act (15 U.S.C. 2601 et seq.); and

“(5) the Safe Drinking Water Act (42 U.S.C. 300f et seq.).”.

SEC. 232. ADDITIONS TO NATIONAL PRIORITIES LIST.

Section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. 9605) is amended by adding at the end the following:

“(h) NPL DEFERRAL.—

“(1) DEFERRAL TO STATE VOLUNTARY CLEANUPS.—At the request of a State and subject to paragraphs (2) and (3), the President generally shall defer final listing of an eligible response site on the National Priorities List if the President determines that—

President.

“(A) the State, or another party under an agreement with or order from the State, is conducting a response action at the eligible response site—

“(i) in compliance with a State program that specifically governs response actions for the protection of public health and the environment; and

“(ii) that will provide long-term protection of human health and the environment; or

“(B) the State is actively pursuing an agreement to perform a response action described in subparagraph (A) at the site with a person that the State has reason to believe is capable of conducting a response action that meets the requirements of subparagraph (A).

“(2) PROGRESS TOWARD CLEANUP.—If, after the last day of the 1-year period beginning on the date on which the President proposes to list an eligible response site on the National Priorities List, the President determines that the State or other party is not making reasonable progress toward completing a response action at the eligible response site, the President may list the eligible response site on the National Priorities List.

“(3) CLEANUP AGREEMENTS.—With respect to an eligible response site under paragraph (1)(B), if, after the last day of the 1-year period beginning on the date on which the President proposes to list the eligible response site on the National Priorities List, an agreement described in paragraph (1)(B) has not been reached, the President may defer the listing of the eligible response site on the National Priorities List for an additional period of not to exceed 180 days if the President determines deferring the listing would be appropriate based on—

“(A) the complexity of the site;

“(B) substantial progress made in negotiations; and

“(C) other appropriate factors, as determined by the President.

“(4) EXCEPTIONS.—The President may decline to defer, or elect to discontinue a deferral of, a listing of an eligible response site on the National Priorities List if the President determines that—

“(A) deferral would not be appropriate because the State, as an owner or operator or a significant contributor of hazardous substances to the facility, is a potentially responsible party;

“(B) the criteria under the National Contingency Plan for issuance of a health advisory have been met; or

“(C) the conditions in paragraphs (1) through (3), as applicable, are no longer being met.”.

To provide the Secretary of Education with specific waiver authority to respond to conditions in the national emergency declared by the President on September 14, 2001.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Higher Education Relief Opportunities for Students Act of 2001”.

SEC. 2. WAIVER AUTHORITY FOR RESPONSE TO NATIONAL EMERGENCY.

(a) **WAIVERS AND MODIFICATIONS.**—

(1) **IN GENERAL.**—Notwithstanding any other provision of law, unless enacted with specific reference to this section, the Secretary of Education (referred to in this Act as the “Secretary”) may waive or modify any statutory or regulatory provision applicable to the student financial aid programs under title IV of the Higher Education Act of 1965 (20 U.S.C. 1070 et seq.) as the Secretary deems necessary in connection with the national emergency to provide the waivers or modifications authorized by paragraph (2).

(2) **ACTIONS AUTHORIZED.**—The Secretary is authorized to waive or modify any provision described in paragraph (1) as may be necessary to ensure that—

(A) borrowers of Federal student loans who are affected individuals are not placed in a worse position financially in relation to those loans because of their status as affected individuals;

(B) administrative requirements placed on affected individuals who are borrowers of Federal student loans are minimized, to the extent possible without impairing the integrity of the student loan programs, to ease the burden on such borrowers and avoid inadvertent, technical violations or defaults;

(C) the calculation of “annual adjusted family income” and “available income”, as used in the determination of need for student financial assistance under title IV of the Higher Education Act of 1965 (20 U.S.C. 1070 et seq.) for any such affected individual (and the determination of such need for his or her spouse and dependents, if applicable), may be modified to mean the sums received in the first calendar year of the award year for which such determination is made, in order to reflect more

accurately the financial condition of such affected individual and his or her family; and

(D) institutions of higher education, eligible lenders, guaranty agencies, and other entities participating in the student assistance programs under title IV of the Higher Education Act of 1965 (20 U.S.C. 1070 et seq.) that are located in, or whose operations are directly affected by, areas that are declared disaster areas by any Federal, State, or local official in connection with the national emergency may be granted temporary relief from requirements that are rendered infeasible or unreasonable by the national emergency, including due diligence requirements and reporting deadlines.

(b) NOTICE OF WAIVERS OR MODIFICATIONS.—

(1) IN GENERAL.—Notwithstanding section 437 of the General Education Provisions Act (20 U.S.C. 1232) and section 553 of title 5, United States Code, the Secretary shall, by notice in the Federal Register, publish the waivers or modifications of statutory and regulatory provisions the Secretary deems necessary to achieve the purposes of this section.

(d) NO DELAY IN WAIVERS AND MODIFICATIONS.—Sections 482(c) and 492 of the Higher Education Act of 1965 (20 U.S.C. 1089(c), 1098a) shall not apply to the waivers and modifications authorized or required by this Act.

SEC. 3. TUITION REFUNDS OR CREDITS FOR MEMBERS OF ARMED FORCES.

(a) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) all institutions offering postsecondary education should provide a full refund to students who are members of the Armed Forces serving on active duty during the national emergency, for that portion of a period of instruction such student was unable to complete, or for which such individual did not receive academic credit, because he or she was called up for such service; and

(2) if affected individuals withdraw from a course of study as a result of such service, such institutions should make every effort to minimize deferral of enrollment or reapplication

requirements and should provide the greatest flexibility possible with administrative deadlines related to those applications.

(b) **DEFINITION OF FULL REFUND.**—For purposes of this section, a full refund includes a refund of required tuition and fees, or a credit in a comparable amount against future tuition and fees.

SEC. 4. USE OF PROFESSIONAL JUDGMENT.

At the time of publishing any waivers or modifications pursuant to section 2(b), the Secretary shall publish examples of measures that institutions may take in the appropriate exercise of discretion under section 479A of the Higher Education Act of 1965 (20 U.S.C. 1087tt) to adjust financial need and aid eligibility determinations for affected individuals.

SEC. 101. FINDINGS AND PURPOSE.

Section 430 (42 U.S.C. 629) is amended to read as follows:

“SEC. 430. FINDINGS AND PURPOSE.

“(a) **FINDINGS.**—The Congress finds that there is a continuing urgent need to protect children and to strengthen families as demonstrated by the following:

“(1) Family support programs directed at specific vulnerable populations have had positive effects on parents, children, or both. The vulnerable populations for which programs have been shown to be effective include teenage mothers with very young children and families that have children with special needs.

“(2) Family preservation programs have been shown to provide extensive and intensive services to families in crisis.

“(3) The time lines established by the Adoption and Safe Families Act of 1997 have made the prompt availability of services to address family problems (and in particular the prompt availability of appropriate services and treatment addressing substance abuse) an important factor in successful family reunification.

“(4) The rapid increases in the annual number of adoptions since the enactment of the Adoption and Safe Families Act of 1997 have created a growing need for postadoption services and for service providers with the particular knowledge and skills required to address the unique issues adoptive families and children may face.

“(b) **PURPOSE.**—The purpose of this program is to enable States to develop and establish, or expand, and to operate coordinated programs of community-based family support services, family preservation services, time-limited family reunification services, and adoption promotion and support services to accomplish the following objectives:

“(1) To prevent child maltreatment among families at risk through the provision of supportive family services.

“(2) To assure children’s safety within the home and preserve intact families in which children have been maltreated, when the family’s problems can be addressed effectively.

“(3) To address the problems of families whose children have been placed in foster care so that reunification may occur in a safe and stable manner in accordance with the Adoption and Safe Families Act of 1997.

“(4) To support adoptive families by providing support services as necessary so that they can make a lifetime commitment to their children.”.

Subtitle B—Mentoring Children of Prisoners

SEC. 121. PROGRAM AUTHORIZED.

Subpart 2 of part B of title IV (42 U.S.C. 629–629e) is further amended by adding at the end the following:

“SEC. 439. GRANTS FOR PROGRAMS FOR MENTORING CHILDREN OF PRISONERS. 42 USC 629i.

“(a) FINDINGS AND PURPOSE.—

“(1) FINDINGS.—

“(A) In the period between 1991 and 1999, the number of children with a parent incarcerated in a Federal or State correctional facility increased by more than 100 percent, from approximately 900,000 to approximately 2,000,000. In 1999, 2.1 percent of all children in the United States had a parent in Federal or State prison.

“(B) Prior to incarceration, 64 percent of female prisoners and 44 percent of male prisoners in State facilities lived with their children.

“(C) Nearly 90 percent of the children of incarcerated fathers live with their mothers, and 79 percent of the children of incarcerated mothers live with a grandparent or other relative.

“(D) Parental arrest and confinement lead to stress, trauma, stigmatization, and separation problems for children. These problems are coupled with existing problems that include poverty, violence, parental substance abuse, high-crime environments, intrafamilial abuse, child abuse and neglect, multiple care givers, and/or prior separations. As a result, these children often exhibit a broad variety of behavioral, emotional, health, and educational problems that are often compounded by the pain of separation.

“(E) Empirical research demonstrates that mentoring is a potent force for improving children’s behavior across all risk behaviors affecting health. Quality, one-on-one relationships that provide young people with caring role models for future success have profound, life-changing potential. Done right, mentoring markedly advances youths’ life prospects. A widely cited 1995 study by Public/Private Ventures measured the impact of one Big Brothers Big Sisters program and found significant effects in the lives of youth—cutting first-time drug use by almost half and first-time

alcohol use by about a third, reducing school absenteeism by half, cutting assaultive behavior by a third, improving parental and peer relationships, giving youth greater confidence in their school work, and improving academic performance.

“(2) PURPOSE.—The purpose of this section is to authorize the Secretary to make competitive grants to applicants in areas with substantial numbers of children of incarcerated parents, to support the establishment or expansion and operation of programs using a network of public and private community entities to provide mentoring services for children of prisoners.

“(b) DEFINITIONS.—In this section:

“(1) CHILDREN OF PRISONERS.—The term ‘children of prisoners’ means children one or both of whose parents are incarcerated in a Federal, State, or local correctional facility. The term is deemed to include children who are in an ongoing mentoring relationship in a program under this section at the time of their parents’ release from prison, for purposes of continued participation in the program.

“(2) MENTORING.—The term ‘mentoring’ means a structured, managed program in which children are appropriately matched with screened and trained adult volunteers for one-on-one relationships, involving meetings and activities on a regular basis, intended to meet, in part, the child’s need for involvement with a caring and supportive adult who provides a positive role model.

“(3) MENTORING SERVICES.—The term ‘mentoring services’ means those services and activities that support a structured, managed program of mentoring, including the management by trained personnel of outreach to, and screening of, eligible children; outreach to, education and training of, and liaison with sponsoring local organizations; screening and training of adult volunteers; matching of children with suitable adult volunteer mentors; support and oversight of the mentoring relationship; and establishment of goals and evaluation of outcomes for mentored children.

Public Law 107–136
107th Congress

An Act

Jan. 24, 2002
[H.R. 3392]

To name the national cemetery in Saratoga, New York, as the Gerald B.H. Solomon Saratoga National Cemetery, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. FINDINGS.

The Congress finds the following:

(1) Gerald Brooks Hunt “Jerry” Solomon of Glens Falls, New York, served in the House of Representatives for 10 terms, from January 3, 1979, to January 3, 1999, and during that service gained a reputation for being outspoken and tenacious in presenting his views on a wide range of issues.

(2) Congressman Solomon was born in Okeechobee, Florida, and grew up there during the Great Depression before moving to New York in 1945.

(3) Congressman Solomon enlisted in the United States Marine Corps at the onset of the Korean War and served in the Marine Corps for 8½ years on active and reserve duty.

(4) Before being elected to Congress in 1978, Congressman Solomon was a businessman in Glens Falls, New York.

(5) During his 20-year congressional career, Congressman Solomon served as the ranking Republican on the Committee on Veterans’ Affairs, where he was recognized by the veterans community as one of its strongest advocates. Among his other accomplishments for veterans, Congressman Solomon spearheaded the effort to create the Cabinet-level Department of Veterans Affairs and successfully led a 15-year drive to establish the Saratoga National Cemetery in Saratoga, New York, where he is now interred.

(6) Congressman Solomon was also recognized for his efforts to promote pride, patriotism, and volunteerism, and when the Supreme Court ruled that laws prohibiting the burning of the United States flag were unconstitutional, Congressman Solomon was given the assignment to pass a constitutional amendment to prohibit desecration of the flag. The Solomon Amendment passed overwhelmingly in the House, but failed by one vote in the Senate.

(7) As chairman of the Committee on Rules of the House of Representatives, Congressman Solomon revamped the rules under which the House operates, abolishing proxy voting, opening all meetings to the media and the public, and making Congress subject to the same laws that the American people live under.

(8) During his congressional career, Congressman Solomon was the recipient of dozens of major awards from many national veterans organizations, including the coveted “Iron Mike Award”, presented to him by the Marine Corps and Marine Corps League, and the Distinguished Citizen Award, presented to him by the National Congressional Medal of Honor Society for his legislative successes on behalf of the United States military and veterans issues.
